Determination of when to Submit a Land Survey Plat (from C.R.S. §38-51-107)

Every professional land surveyor who accepts a monument while performing a monumented land survey shall prepare a plat if such monument is not of record either in the clerk and recorder's office of the county in which the monument lies or in the public office designated by the county commissioners or if such monument is set pursuant to Section §38-51-104. No (survey) plat shall be required to be prepared or deposited if the monuments accepted or set are within a platted subdivision that was filed at the clerk and recorder's office within the previous twenty years).

Requirements for Media Submittal

- ☐ Title description including reference to ¼ Section, Section, Township, Range, and P.M. (C.R.S. §38-50-101(b))
- ☐ Original signature and seals
- ☐ Non-fade permanent ink, photographic or Diazo reproduction
- ☐ Dimensionally stable polyester sheet (such as Cronar or Mylar), with thickness of 3 mils or greater
- ☐ Size: 24 by 36 inches (preferred) or 18 by 24 inches. Borders should be a minimum of an ½ inch on all sides

Content of Land Survey Plat (refer to C.R.S. §38-51-106)

- A. A scale drawing of the boundaries of the land parcel;
- B. All recorded and apparent rights-of-way and easements and/or statement regarding;
- C. All dimensions necessary to establish the boundaries in the field;
- D. A statement by the professional land surveyor that the survey was performed by such surveyor or under such surveyor's responsible charge.
- E. A statement by the professional land surveyor explaining how bearings, if used, were determined;
- F. A description of all monuments, both found and set, which mark the boundaries of the property, and a description of all control monuments used in conducting the survey;
- G. A statement of the scale or representative fraction of the drawing and a bar-type or graphical scale;
