2010 General Election: Audit

2010 General Election Audit Board Statement

The audit of the 2010 General Election discovered two differences in 40,663 audited ballot contests. Both resulted from voter intent resolution differences between the resolution and audit teams. One was identified on County Issue 1B and the other was identified on the County Coroner race.

Statistical analysis was completed on all contest outcomes to include the impact of difference. No impact was found in any contest outcome and the audit board does not recommend any recounts for the general election.

The 2010 General Election Audit Board accepts the results of the audit as presented by the Boulder County Clerk & Recorder's Office.
