*For further information concerning roads, consult the Boulder County ***Road Directory*** as well as the ***Niwot***, ***Gunbarrel***, ***Baseline Rd and Cherryvale Rd***, ***N 28th St and Jay Rd*** and ***South Boulder Rd and N 76th St*** inset maps on the back.

This map is for illustrative purposes only and the features depicted on it are approximate. More site specific studies may be required to draw accurate conclusions. Boulder County makes no warranties regarding the accuracy, completeness, reliability, or suitability of this map. Boulder County disclaims any liability associated with the use or misuse of this map. In accessing and/or relying on this map, the user fully assumes any and all risk associated with the information contained therein.

Boulder County Transportation

BOULDER COUNTY ROAD DIRECTORY

ROAD CLASS

A hierarchy of functional classifications categorizes transportation corridors based on their role in connecting and providing access between "origin" and "destination" land uses. Higher functional classifications are devoted primarily to moving larger numbers of people longer distances, while the lower classifications primarily provide access to and serve adjacent land uses.
[Boulder County Multimodal Transportation Standards, 2012]

PA - Principal Arterial
MA - Minor Arterial
C - Collector
RC - Residential Collector
L - Local
LS - Local (Secondary)
J - Jeep

MAINTENANCE DESCRIPTION

GENERAL MAINTENANCE PRIORITY:

All roads maintained by Boulder County have been accepted for road maintenance by resolution of the Board of County Commissioners. The county assumes full responsibility, pending available resources for maintaining these roads in an open, safe, and serviceable condition for public use.Per longstanding county policy, the county gives first priority to the rehabilitation of the county's arterial and collector transportation corridors. As a secondary priority, the county rehabilitates a limited number of local roads as resources permit.
[Boulder County Multimodal Transportation Standards, 2012]

PA, MA - The road will be maintained to provide for continuous access within the maximum capabilities of the county.
C, RC - The road will be maintained to provide continuous access as time, available funds and manpower permit.
L - The road will be maintained to provide reasonable access as time, available funds, and manpower permit.
LS - The road will be maintained to provide reasonable access as time, available funds and manpower permit, maintenance of these roads may be for seasonal use and winter access may be restricted.
J - The road is not maintained for access by passenger cars. Four wheel drive or high clearance vehicles are recommended on these roads.
¶ - The maintenance of the road, identified with a marker (¶), is provided by governmental agencies other than the county or by private entities.

SNOW REMOVAL PRIORITY :

Due to specialized equipment, logistics, timing, available funding and manpower required to provide efficient and effective snow removal for county maintained roads, each road is assigned a priority, these designations are adopted by resolution of the board of county commissioners to maximize the effectiveness of county snow removal operations.

1 - These roads are on a primary snow removal route, indicates that the road will be plowed to maintain continuous all-weather access within the maximum capabilities of the county.
2 - These roads are on a secondary snow removal route, indicates that the road will be plowed to provide reasonable all-weather access as time, available funds and manpower permit.
3 - Snow will not be removed to provide access during all storm conditions and will be plowed only as time, available funds, and manpower permit.
N - Snow removal is not provided on the road by the county. The roadway is plowed by other governmental agencies or by private entities.
