Stormwater Quality Permit Submittal Requirements

Review the Land Use publication *B36 Stormwater Quality Permit Submittal Requirements* for complete Stormwater Quality Permit submittal requirements.

Stormwater Quality Permit Certification and Signature

I have read and understand that Boulder County has adopted requirements to protect the quality of Boulder County's watercourses and waters of the state from construction activity and development. I certify that this intake form and submittal has been completed to the best of my ability and accurately reflects the project being proposed. I also understand that non-compliance with the county's Stormwater Quality Management Permit Ordinance may result in enforcement by the county, including fines, stop work orders, or other actions.

Applicant Signature (Application must be signed by Project Owner OR Contractor)	Date
Printed Name
