Boulder County 2019 Coordinated Election

Reconciliation Report

November 5, 2019

OVERVIEW

The purpose of the canvass is to account for every ballot cast and ensure that every valid vote cast is included in the election totals. This involves accounting for every mail ballot, every in-person ballot, every provisional ballot, every challenged ballot, and every military and overseas ballot (UOCAVA). As outlined in Colorado Revised Statutes, Title 1, Rule 1-10-101.5 Duties of the canvass board:

- 1) The canvass board shall:
 - (a) Reconcile the ballots cast in an election to confirm that the number of ballots counted in that election does not exceed the number of ballots cast in that election;
 - (b) Reconcile the ballots cast in each precinct in the county to confirm that the number of ballots cast does not exceed the number of registered electors in the precinct; and
 - (c) Certify the abstract of votes cast in any election and transmit the certification to the secretary of state. A majority of canvass board members' signatures shall be sufficient to certify the abstract of votes cast in any election. When unable to certify the abstract of votes by the majority of the board for any reason, the canvass board shall transmit the noncertified abstract of votes to the secretary of state along with a written report detailing the reason for noncertification.

The Canvass Board's duties regarding reconciliation are included in Election Rules [8 CCR 1505-1], Rule 10.3.2(a):

- (a) Conduct the canvass in accordance with section 1-10-101.5, C.R.S, including:
 - (d) Account and balance the election and certify the official abstract of votes;
 - (e) Reconcile the number of ballots counted to the number of ballots cast; and
 - (f) Reconcile the number of ballots cast to the number of voters who voted by reviewing the reconciled detailed ballot logs and Statement of Ballots.

To reconcile the election, we track both issued ballots and voted ballots as they pass through the election process. This report will present summary data regarding the overall election, a detailed accounting of ballots on a precinct-by-precinct basis, and the processes that provide the evidence to allow the Canvass Board to fulfill its statutory duty. The reconciliation process primarily focuses on the distribution and reception of ballots through the assignment of voter credit.

An overview of the election process is illustrated in Figure 1:

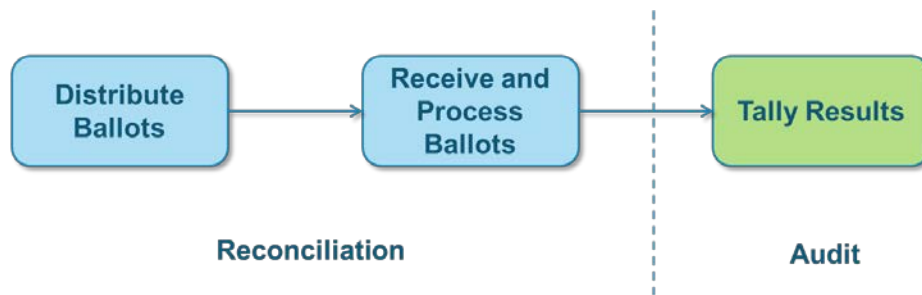

Figure 1

BALLOTS DISTRIBUTED

Ballots are sent to all active eligible voters; eligible voters are a subset of registered voters that are active, reside in one of the jurisdictions on the ballot, and are 18 years old or older on Election Day. Figure 2 is an overview of the process of mailing ballots.

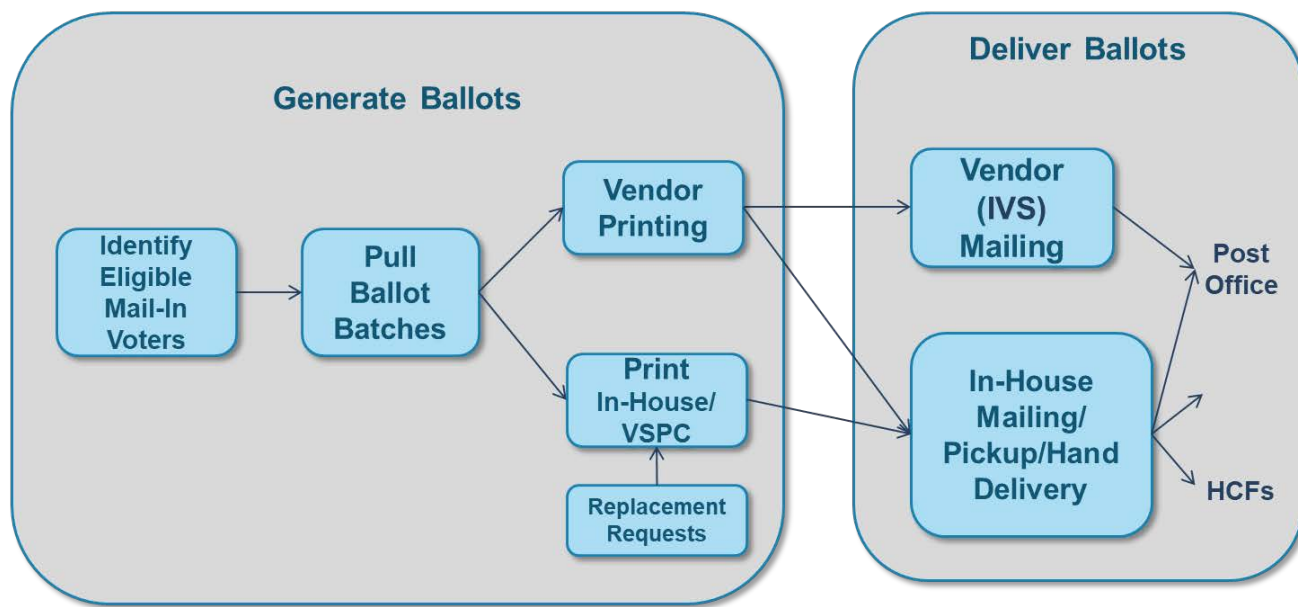

Figure 2

The Boulder County Elections Division uses a printing and mailing vendor for most of the mail ballots sent. Ballot images and addressing information are provided to the vendor several weeks before ballots are to be mailed. During the interim weeks between when this information is initially transmitted to the vendor and the mail drop date, we receive and process numerous voter registration changes. Some of these changes result in voiding ballots that have already been printed by the vendor but have not yet been mailed. As outlined in Election Rules [8 CCR 1505-1], Rule 7.2.4(a)(1) and 7.2.4(a)(2), we work with the vendor to find and secure these voided ballots so that they do not enter the mail stream. For this election, voids were pulled once, securing 4,592 voided ballots. In addition, 442 ballots were pulled for the purposes of hand-delivery to Health Care Facilities (HCFs) and 317 ballots were pulled to perform Boulder County's Logic and Accuracy Test (LAT). Figure 3 provides information regarding the ballot batches that were sent to the vendor for printing and the ballots that were returned, the sum of which is the net number of ballots that were expected to be mailed. Figure 3 also shows a summary of the ballots that were actually mailed based on postal

receipts and documentation provided by the vendor. Based on the numbers provided by the vendor (postal receipts), the ballots reported as mailed by the vendor match our expected-to-be-mailed counts.

Figure 3

Most of our mail ballots are printed and mailed through our print vendor. However, if a voter registers or changes their registration after we have sent the last order to the vendor or if they come in to our office and request a replacement ballot, that voter's ballot is printed in-house and either given to them while they are in our office or taken directly to the local USPS facility to be mailed. This process continues until the statutory deadline of 8 days prior to the election. For this election, we processed a total of 715 in-house mail ballots. After the deadline to mail ballots, late registrants must visit a Voter Service and Polling Center (VSPC) to request a ballot. If a change to a voter's record (address update, name change, new voter, etc.) is made after the mail deadline, they are subsequently contacted through various means (postcard, email, and phone call) to let them know that they need to visit a VSPC to vote their ballot. For this election, there were 660 voters that made changes to their voter record after the mail cut off.

Appendix 1 provides a precinct-by-precinct accounting of all ballots printed by the vendor (Vendor Printed), ballots printed in-house (In-House Printed), ballots voided (Voided), ballots generated after the last mailing day (Registered After Mail Cut-Off), and ballots that were processed in a VSPC (In-Person). Furthermore, Appendix 1 reconciles the number of active voters in Boulder County as of Election Day to the number of active ballots to ensure that every voter had an active ballot. Any differences are researched and are most commonly attributed to a voter moves. There are 3 ways that voter moves affect our reconciliation:

1. Voter moves to another precinct within Boulder County and returns the ballot they received while at their previous residence.
2. Voter moves out of Boulder County but returns the Boulder County ballot they were issued before they moved.
3. Voter moves into Boulder County but returns the ballot they were issued while at their previous address (in another county).

If this situation happens within Boulder County, it will show a discrepancy at the precinct level but will net to zero (meaning we can still reconcile an active voter to an active ballot at the county level). If a voter moves to Boulder County from another county and returns the ballot they were issued from the previous county it will show an overall discrepancy and would appear as if we have an active voter with no active ballot. If a voter moves out of Boulder County after a ballot has been issued to them by Boulder County and they return this ballot, it will show an overall discrepancy and would appear as if we have an active ballot with no active voter. Election Rules [8 CCR 1505-1], Rule 7.2.4(a)(2)(b) states that “the county must count the first ballot returned by the elector in accordance with section 1-7.5-107(6), C.R.S.”. Therefore, since a voter may not have two active ballots, any ballot except the ballot that was received is voided, leaving a discrepancy. There are numerous situations that occur with voter records that can lead to additional differences and are explained in the Explanation of Differences at the bottom of Appendix 1.

BALLOTS RECEIVED (ACCEPTED OR REJECTED)

Mail ballots are received in several ways: (1) the Post Office, (2) secure 24-hour ballot drop boxes, (3) drop-off ballot boxes located at Voter Service and Polling Centers, and (4) drive-by drop-off locations. These ballots are validated by election judges, accepted or rejected, and recorded accordingly in SCORE. Voted paper ballots from Voter Service and Polling Center (VSPC) locations arrive in separate ballot boxes from the mail-in ballots. Because vote credit was already recorded in SCORE and their ID was verified at the VSPC locations, these ballots go directly to scanning, adjudication, and tallying after being batched. Figure 4 illustrates the process by which mail ballots are received, prepared, scanned and tallied and recorded in the CVR (Cast Vote Record).

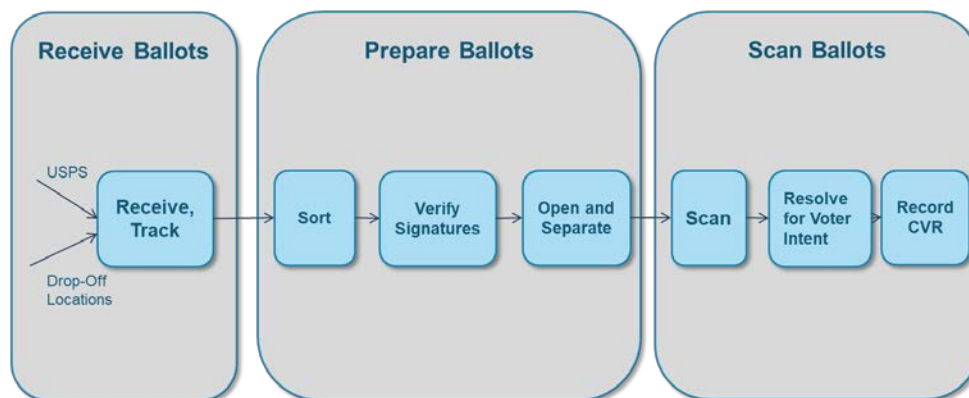

Figure 4

Determining whether a ballot is accepted or rejected is based on several factors. For example, it may be rejected because the signature on the ballot envelope does not match the voter registration record, the envelope may be missing a signature, or the returned ballot may be missing a required ID. Letters are sent to these voters allowing them to “cure” their ballot envelope by returning a signed affidavit with a copy of their ID (due by the 8th day after the election). Only the ballots associated with accepted envelopes proceed through the process to scanning, adjudication, and tallying; there were 438 rejected ballots and the breakdown of these numbers are summarized in Figure 8 (these numbers can also be found in the SCORE BP-012B - Mail Ballot Reconciliation Report).

Appendix 2 provides a precinct-by-precinct accounting of eligible voters, ballots received, and ballots counted. To fulfill the statutory requirement of Election Rules [8 CCR 1505-1], Rule 10.3.2(a), Appendix 2 includes four sections:

1. Eligible Voters
2. SCORE Voter Credit and Ballots Cast
3. Dominion Ballots
4. Reconciliation

The Eligible Voters section includes both active and inactive voters, providing the total number of registered electors. On the received side (SCORE Voter Credit and Ballots Cast), is the number of ballots accepted in SCORE for both Mail-In and In-Person voters and the number of rejected ballots; the sum of these three categories provides the number of ballots cast. On the counted side (Dominion Ballots), is a column that accounts for the number of ballots counted by the tabulation system (Dominion). The Reconciliation section provides the information to fulfill the statutory requirements and assist with the duties of the canvass board. Based on these numbers, we can confirm that the number of ballots counted (115,162) does not exceed the number of ballots cast (115,599). A summary table illustrating Ballots Cast and Ballots Counted is provided in Figure 6 below. We can also confirm that the number of ballots cast in each precinct in the county does not exceed the number of registered electors in that precinct. In addition, we have reconciled the number of ballots counted to the number of voters that received vote credit. At the county level, we are happy to report that we have a difference of 0 between Ballots Counted and Vote Credit.

As outlined in Rule 10.5.1, the designated election official must provide the following information to the canvass board:

- (a) The name of each candidate, office, and votes received; **(Summary of Votes attachment)**
- (b) The number or letter of each ballot issue or question and votes received; **(Summary of Votes attachment)**
- (c) The total number of ballots cast; **(Appendix 2)**

Damaged Ballots	293
Spoiled Ballots From VSPCs	74

Based on the research performed during this canvass and reported herein, it has been determined that the requirements of the Colorado Revised Statute 1-10-101 have been met. The number of votes counted is equal to or less than the number of ballots cast (accepted plus rejected ballots) and the number of ballots cast is equal to or less than the number of registered voters. For this election, these numbers are as follows:

Ballots Cast		Tally of Ballots Counted	
Accepted Mail-Ballot	113,056	Precinct Ballots Counted	115,162
Voted In-Person	2,105	Landowner Ballots Counted	121
Provisional	1	Total	115,283

Figure 13

The Active Voters number above includes 577 confidential voters. Confidential voters will not be identified in any publicly available reports. Of the 2,105 In-Person voters reported above, 851 of them voted on an electronic Ballot Marking Device (ICX).

Ballots Cast includes ballots that are ultimately not counted for various reasons. The most common reasons include: the voter failed to sign the ballot envelope, the voter failed to provide ID when required, or the voter's signature did not match the reference signature on file. Voters have until 11:59 p.m. on the 8th day following Election Day to rectify these issues. However, not every voter does so in this timeframe. If they do not, their cast ballot is not counted.

** All voter registration numbers reported herein are as of Election Day and do not include Active voters under 18.*

Note: Precinct-to-Precinct differences in the "Differences" column above can be explained as follows:

By Colorado law, the first ballot back from a voter is the ballot that must be counted. If the voter has changed their registration to a different county or district from the ballot that they returned, their returned ballot is duplicated onto a ballot reflecting their new residence, and only the common contests voted are counted (*when eligible contests (ballot styles) are different*).

An example of this can be seen in precincts 205 and 801. A voter moved to precinct 801 but returned their 205 ballot. The 205 ballot style was duplicated on to a 801 ballot style before being scanned, but the accepted ballot in SCORE is reflected as the 205 ballot style which would then be included in precinct 205's aggregate total. Therefore, SCORE voter credit is showing 1 higher for 205 than Dominion and Dominion is showing 1 higher for 801 than SCORE.

Additionally, there will be a differences related to the provisional ballots counted because no SCORE voter credit is given until the election is closed.

Boulder County 2019 Coordinated Election Reconciliation Report Addendum

November 5, 2019

OVERVIEW

Canvass Board convened on November 19, 2019 to review the 2019 Coordinated Election Reconciliation Report and data files provided on November 18, 2019. Since that meeting, updates have occurred and are reflected in the following figures originally provided in the November 18 Reconciliation Report; one in response to a question from a Canvass Board member and the other two are report corrections.

(a) Ballots accepted in SCORE (Figure 7 from Page 6)

Mail Ballots Accepted	
Ballots Accepted	113,057

**Reflects mail ballots accepted in SCORE and in alignment with rule 7.14.1, includes one new ballot returned to another county but not identified in time to be included in published results without risk to vote secrecy.*

(b) Mail ballots rejected by each code (Figure 8 from Page 7)

Rejected Ballots Summary	
Voted Wrong Ballot	1
Voter Deceased	2
Empty Envelope	16
Two Ballots in One Envelope	2
Void / Not Voted	31
No Signature	58
ID Required - Not Provided	5
Signature Discrepancy	323
Received After 7pm on Election Day	351
Total	789

**Reflects mail ballots rejected in SCORE and includes the number of ballots received too late to be counted. Too late and undeliverable ballots (15,271) continue to be processed in SCORE until the election is formally closed and will therefore change from day to day. The numbers reported in this amendment reflect those received as of November 21, 2019.*

(c) The number of damaged and spoiled ballots (Figure 12 from Page 7)

Damaged/Spoiled Ballot Summary	
Damaged Ballots	291
Spoiled Ballots from VSPCs	74

**A typo was identified in the original reporting of the damaged ballot number after the reconciliation report was provided.*

The preceding changes have been made to ensure accurate reporting and do not change or impact the results of the election or the requirements outlined in Colorado Revised Statute 1-10-101. The number of votes counted is equal to or less than the number of ballots cast (accepted plus rejected ballots) and the number of ballots cast is equal to or less than the number of registered voters. For this election, these numbers have been updated as follows:

(Figure 13 from Page 8)

Ballots Cast		Tally of Ballots Counted

Total Ballots Cast	116,076		

The Active Voters number above includes 577 confidential voters. Confidential voters will not be identified in any publicly available reports. Of the 2,105 In-Person voters reported above, 851 of them voted on an electronic Ballot Marking Device (ICX).

Ballots Cast includes ballots that are ultimately not counted for various reasons. The most common reasons include: the voter failed to sign the ballot envelope, the voter failed to provide ID when required, or the voter's signature did not match the reference signature on file. Voters have until 11:59 p.m. on the 8th day following Election Day to rectify these issues. However, not every voter does so in this timeframe. If they do not, their cast ballot is not counted.

** All voter registration numbers reported herein are as of Election Day and do not include Active voters under 18.*

RE: Certification of 2019 Coordinated Election

The duly appointed members of the 2019 Coordinated Election Canvass Board for Boulder County have completed the duties required, as detailed in Colorado Revised Statute 1-10-101.5 and Rule 10.3 and 10.4.

And, in accordance with C.R.S. 1-10-101.5(c), we, the undersigned members of Canvass Board, do hereby certify that the number of ballots counted in the November 5 Coordinated Election do not exceed the number of ballots cast in this election, as shown in the attached Statement of Vote.

We further certify that the attached Statement of Vote is a true and accurate listing of the results for the 2019 Coordinated Election held in Boulder County on Tuesday, November 5, 2019.
