1. Question: I am unsure on which seed mixes to provide pricing on. I did not see any mixes specified in any of the documents for the project and was unable to find any seed mixes that would work in Boulder County Standard Specifications. Would the mixes provided be up to the contractor/supplier per approval?

ANSWER: Seed mix is dependent on location and varies. For bidding purposes, vendors can use the following as a guideline. However, this may change depending on the location of the project(s).
