

**ADDENDUM #1  
Park and Open Space  
Saint Vrain Reach 3 Flood Repair and  
Stream Restoration  
Phase 2 Project Construction Services  
BID # 7144-20**

May 12, 2020

The attached addendum supersedes the original Information and Specifications regarding BID # 7144-20 where it adds to, deletes from, clarifies or otherwise modifies. All other conditions and any previous addendums shall remain unchanged.

**Please note: Due to COVID-19, BIDS will only be accepted electronically by emailing [purchasing@bouldercounty.org](mailto:purchasing@bouldercounty.org).**

**Attached to this Bid Addendum #1 and found here**

**<https://www.dropbox.com/sh/bvqx7aqnivd9nqf/AABVwFqzuGTZsgYU2qDXe6jUa?dl=0> are the written materials available on the web page (link <https://www.bouldercounty.org/open-space/management/st-vrain-creek-restoration-reach-3-phase-2/>) that were prepared for the pre-bid experience (meeting video, drone flight video, site visits).**

- 1. Web page project location map, updated**
- 2. Pre-bid staking plan for drone flight video**
- 3. Pre-bid parking area plan for site visits**

**Also attached to this Bid Addendum #1 are materials associated with the drone flight video and the pre-bid meeting video that are not available on the web page.**

- 1. Pre-bid meeting agenda**
- 2. Pre-bid meeting presentation slides General**
- 3. Pre-bid meeting presentation slides Vegetation**
- 4. Stamped Plan Set mentioned in the pre-bid meeting**
- 5. Draft Pre-Authorization of Work document mentioned in the pre-bid meeting and referenced in the BID documents**
- 6. May 5, 2020 Wage determination**

1. Question: On the bid form, it calls out note 1 thru 4 for several bid items. Where do we find the notes?

**ANSWER: The Notes were cut-off in the editing process, they are here to inform your bid and also included in the revised BID WORKSHEET TABLE attached in this Bid Addendum #1.**

#### **NOTES**

- 1 Excess clean cut material hauled to 5201 St Vrain Rd, Longmont, CO 80503
- 2 Modified stabilized staging areas include the two smaller staging areas in close proximity to the bypass structure, where only stockpile stabilization and perimeter silt fencing is necessary
- 3 Stop log bays cost includes hardware for the bays and catwalk, grouted boulders, and grout washout area, but does not include sheet pile and rock for remaining structure (included as separate pay items)
- 4 Landscape construction and warranty maintenance cost (weed control and irrigation) included in unit cost of bid items 39-46.

2. Question: The bid form call out Water Rights for the use of water for construction and warranty period. Can you give us more detail for this item?

**ANSWER: This bid item #51 has been removed from the bid tab and the following bid items renumbered. A revised bid tab is included in this Bid Addendum #1. At the time it was inserted, Boulder County Parks & Open Space was intending to coordinate with the Contractor to lease the water for the project. With the removal of this pay item, the source of the water will become part of the overhead cost of the project. It is clear in the Construction Specifications, on page 77 in particular, that the Contractor is responsible for the provision of all construction period water and all warranty period water. This will likely involve formal lease agreements with, and payments to, other entities (which could include municipalities, ditch companies, water districts, or other identified source). The identified source of water and the associated water use accounting documentation will need to be reviewed by relevant parties including the BCPOS Water Resources Specialist.**

**A search of the word “water” in all BID documents and a careful review of all documents will help to provide relevant information associated with the use of water in the project.**

This is also explained in the “Pre-Bid Meeting” video (link on this web page <https://www.bouldercounty.org/open-space/management/st-vrain-creek-restoration-reach-3-phase-2/>) and the presentation given by Audrey Butler, BCPOS Water Resources Specialist.

It is the Contractor’s responsibility to locate and purchase the water that will be needed for all water needs associated with the periods of project construction and project warranty. Means and methods will be the responsibility of the Contractor. Pumping of water from the creek or the use of water from the dewatering process for any project purpose is not allowed without legal purchase or lease of that water.

3. Question: Is there a complete oil specification regarding the biodegradable oil to be used in the equipment?

**ANSWER:** There are guidelines in the BID documents for what could be accepted and what will be rejected in the submittal documentation from the selected contractor, and a preferred base oil (search the term “hydraulic” in the documents), but no complete oil specification. The means and methods are the responsibility of the Contractor. There are many ways to meet this requirement depending on the equipment selected for use, the manufacturer of the equipment, the presence or details of the warranty on the equipment, and the availability of the hydraulic fluid among other factors.

**Submittal Instructions:**

**Note: Bidders shall use the attached updated BID WORKSHEET TABLE to submit bids.**

Submittals are due at the email box only, listed below, for time and date recording on or before **2:00 p.m. Mountain Time on May 28, 2020.**

**Please note that email responses are limited to a maximum of 50MB capacity. NO ZIP FILES ALLOWED. Electronic Submittals must be received in the email box listed below. Submittals sent to any other box will NOT be forwarded or accepted. This email box is only accessed on the due date of your questions or proposals. Please use the Delivery Receipt option to verify receipt of your email. It is the sole responsibility of the proposer to ensure their documents are received before the deadline specified above. Boulder County does not accept responsibility under any circumstance for delayed or failed email or mailed submittals.**

Email [purchasing@bouldercounty.org](mailto:purchasing@bouldercounty.org); identified as **BID # 7144-20** in the subject line.

All proposals must be received and time and date recorded at the purchasing email by the above due date and time. Sole responsibility rests with the Offeror to see that their bid is received on time at the stated location(s). Any bid received after due date and time will be returned to the bidder. No exceptions will be made.

The Board of County Commissioners reserve the right to reject any and all bids, to waive any informalities or irregularities therein, and to accept the bid that, in the opinion of the Board, is in the best interest of the Board and of the County of Boulder, State of Colorado.

**RECEIPT OF LETTER  
ACKNOWLEDGMENT**

May 12, 2020

Dear Vendor:

This is an acknowledgment of receipt of Addendum #1 for BID #7144-20, Saint Vrain Reach 3 Flood Repair and Stream Restoration Phase 2 Project Construction Services.

In an effort to keep you informed, we would appreciate your acknowledgment of receipt of the preceding addendum. Please sign this acknowledgment and email it back to [purchasing@bouldercounty.org](mailto:purchasing@bouldercounty.org) as soon as possible. If you have any questions, or problems with transmittal, please call us at 303-441-3525. This is also an acknowledgement that the vendor understands that **due to COVID-19, BIDS will only be accepted electronically by emailing purchasing@bouldercounty.org.**

Thank you for your cooperation in this matter. This information is time and date sensitive; an immediate response is requested.

Sincerely,

Boulder County Purchasing
