1. Question: Regarding Question 33 “Is a 402 or 404 permit required for the work in Boulder and Whiterock Ditch.” In your answer you state that Pinyon memo states A USACE 404 Permit is assumed to be required due to the crossing of the Boulder and Whiterock Ditch. In Question 47 the 404 permit is not mentioned at all when someone else asked a question in regard to anticipated permits, has the County already received the 404 permit from the USACE? This is traditionally a long lead-time permit and could affect the start of work on the bridge.

ANSWER: This project has received clearance from the USACE under a Nationwide Permit 14 - Linear Transportation Project. The contractor should not have to obtain a separate permit. The permit will be shared with the awarded bidder.
