### PARENT COMMENTS

*"While I would not encourage my child to walk back to our house, which is 8 miles away, I do enjoy that he walks to the library or dance studio, 5 days a week. He loves the freedom and sometimes buys a snack after school at the market. All my kids have learned to be on their own in our great town of Lyons. I don't know if I would feel the same about another town. I'm glad you are encouraging this, so they can talk about ways for everyone to stay safe."*

*"We love walking to school!"*
