Notes: Participants could also spend Tracker Bucks at 40+ BVSD TT Businesses. Due to COVID-19, two TT Business closed & fewer Bucks were spent.

Thank you for the dedication and support of Trip Tracker schools, PTOs, parents, volunteers, business partners, and participants. These partnerships empower SVVSD students, staff, and families to make healthy & environmentally friendly decisions that benefit our entire community. Congrats for making the sixth year of the Trip Tracker Program a great success!

Trip data is self-reported - not exact. Data may change after printing. Current numbers available upon request - triptracker@bouldercounty.org

Full data sets are available to each school upon request. - triptracker@bouldercounty.org **1** A Green Trip is a one-way trip between home and school using a mode of transportation other than a single family vehicle. **2** Total Participants/Trip Reports is the grand total of each monthly total number of people who reported trips. **3** Each Tracker Buck is a \$1 reward earned by taking Green Trips that can be spent at participating locally-owned businesses. **4** Car trips and car miles are measured from the baseline pre-Trip Tracker typical number of car trips for each household. **5** The ratio of lbs of CO₂ emissions to car miles is approximately 0.989:1 (EPA, 2017). <https://www.epa.gov/energy/greenhouse-gases-equivalencies-calculator-calculations-and-references> **6** Steps are calculated using an age-adjusted formula from the National Center for Safe Routes to School. * Due to COVID-19 ending this year's Trip Tracker program early, data comparisons between the 18-19 and 19-20 school years are based on the same 6 months - Sep-Feb only.
