

**ADDENDUM #1
Parks and Open Space
Boulder County Parks and Open Space Water Quality Testing Services
SOQ # 7191-20**

November 23, 2020

The attached addendum supersedes the original Information and Specifications regarding SOQ # 7191-20 where it adds to, deletes from, clarifies or otherwise modifies. All other conditions and any previous addendums shall remain unchanged.

Please note: Due to COVID-19, BIDS will only be accepted electronically by emailing purchasing@bouldercounty.org.

1. Question: Our records indicate that there are 17 individual properties included in this program. However, the SOQ states: "There are approximately fifteen (15) residential homes located throughout Boulder County that are managed by the Parks and Open Space Department". For the purpose of providing an accurate quote for this project, can you please clarify the number of residences that will be included in the Open Space Rental Houses water quality testing and maintenance program?

ANSWER: There are a total of 17 houses whose water is supplied by a well; however, some of those houses share wells. This translates to 15 wells for 17 houses.

2. Question: Will Boulder County accept proposals for only some of the sites or must the response include the entire scope of work?

ANSWER: Proposers can submit proposals for all or portions of the projects listed. An Example would be: Submitting a proposal for only the Argo Mine and Cardinal Mill Mine sites and nothing else.
