SPECIFICATIONS

Background

In 1999 a group of local stormwater professionals in the Boulder St. Vrain watershed conceived of a collaborative stormwater management program named the Watershed Approach to Stream Health (WASH) Project. An intergovernmental agreement was established in 2003 to implement this project and in 2006 the name of this organization was changed to the Keep it Clean Partnership (KICP) to align with a statewide marketing campaign on water quality. The partners participating in the KICP are the cities of Boulder, Longmont, Lafayette, and Louisville, the towns of Erie and Superior, and Boulder County.

Each of these partners are regulated by a Municipal Separate Storm Sewer System (MS4) permit issued by the Colorado Department of Public Health and Environment (CDPHE). This permit has general education and outreach requirements that can be met collectively by permittees through an external party. See Appendix A for details on the education and outreach requirements fulfilled by the KICP. One of these education and outreach options includes hosting a website.

In 2018 the KICP undertook an extensive strategic planning process and adopted a new mission statement to “protect, promote, and improve watershed health in the Boulder St. Vrain watershed through sharing resources, building community awareness, and collecting and using data.” During this planning period, the KICP also stated an overall goal for the education and outreach program to “promote positive watershed behaviors through consistent messaging” and listed updating the KICP website as an objective. In 2019 the KICP hired an Outreach Specialist in order to dedicate more resources to the Education and Outreach Program. In 2020 partners developed objectives for their education and outreach program, prioritizing increasing the accessibility and interactivity of the KICP website. A new website will support the program’s other current objectives: improving outreach to Spanish-speaking communities, creating place-based education opportunities at local waterways, and expanding youth education programs. As the KICP expands its education and outreach efforts and works towards the previously mentioned objectives, the organization will need an interactive website with key resources and information that we can direct people to in our other communications.

This proposal is to request assistance with the development of an updated and redesigned website that matches the organization’s updated branding and hosts information and resources about the Boulder St. Vrain Watershed. The website must be mobile-friendly and should be designed to easily provide information in both English and Spanish. The KICP is also interested in

finding ways to make the website more interactive and engaging by incorporating some third-party integrations (examples include MailChimp subscribe form, calendar tool like Google Calendar, and online ArcGIS to display maps and data).

The KICP has two staff members that work on behalf of all the entities participating in the organization. Each entity has one member on the KICP Steering Committee that provides oversight and determines the overall direction of the organization. The consultant will work closely with the KICP Coordinator and Outreach Specialist to carry out the tasks provided in the scope of work for this contract and the KICP Outreach Specialist will be the primary manager of the website.

Existing Website Background

The existing KICP website has a custom WordPress theme and is hosted by Bluehost at <https://www.keepitcleanpartnership.org/>. It was developed in 2010-2011 and is not mobile-friendly by Google's standards (pages cannot adjust to different screen sizes, text is too small, and clickable elements are too close together). Website traffic has remained mostly consistent over the last few years - see Appendix B for an overview of website traffic since 2012. The appearance of the website is outdated, no longer matches KICP's branding, and is difficult to update.

It serves as an informational website where people can learn about water quality, stormwater, the Boulder St. Vrain watershed, and provides different audiences with information on how they can take action to protect water quality. It also houses the organization's documents and resources – meeting records, annual reports, water quality reports, brochures, training guides, and more.

The website consists of approximately 315 indexed web pages. We anticipate a reduction of the number of pages on the new website and seek recommendations on how to optimize our web content.

The primary target audience for the website is residents of the Boulder St. Vrain Watershed who want to learn more about water quality in their watershed and how to protect it. Other target audiences include:

- Anyone who wants to learn more about water quality in the Boulder St. Vrain watershed, stormwater, or what they can do to protect water quality
- Businesses who need information on how they can protect water quality
- Teachers who want to learn about free programs or access free classroom resources
- Anyone who wants to report spills or illegal discharges in their community
- Stormwater professionals looking for training opportunities
- Municipalities looking for resources to share with their staff and inspectors to support their stormwater outreach
- Construction and landscape maintenance personnel looking for resources and training opportunities

BOULDER COUNTY SAMPLE CONTRACT

THIS CONTRACT ("Contract") is entered into by and between the County of Boulder, State of Colorado, a body corporate and politic, acting by and through its Board of County Commissioners for the benefit of the [Department] ("County") and [Supplier] ("Contractor"). County and Contractor are each a "Party," and collectively the "Parties."

In consideration of the mutual covenants contained in this Contract, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Incorporation into Contract: The **Details Summary** is incorporated into this Contract. The **Contract Documents** are incorporated into this Contract by reference, except to the extent that the Proposal, if any is incorporated, contains any obligations placed upon County and not otherwise contained in this Contract.

2. Work to be Performed: Contractor will provide all labor and equipment and do all tasks necessary and incidental to performing the work as described in the **Details Summary** and **Contract Documents** (the "Work"). Contractor will perform the Work (a) in a good and workmanlike manner, (b) at its own cost and expense, (c) in accordance with recognized industry standards of care, skill and diligence for the type of work being performed, and (d) in strict accordance with the Contract.

3. Term of Contract: The **Contract Term** begins on the **Start Date** and expires on the **Expiration Date**, unless terminated sooner. All the Work must be performed during the **Contract Term**.

4. Payment for Work Performed: In consideration of the Work performed by Contractor, and subject to conditions contained in this Contract, County will pay an amount not to exceed the **Contract Amount** to Contractor in accordance with the **Contract Documents**.

5. Invoicing: Contractor will promptly provide a copy of its Form W-9 and invoice template to County upon request. Contractor must submit an invoice to the County by the fifteenth (15th) day of the month following completion of the Work. All invoices submitted require the following components: Contractor's name and address (submitted W-9 address must match remit address), detailed description of services, dates of services, itemization of labor and materials costs, "Bill to: Boulder County" language, payment remittance address, payer, name and address, date of invoice, unique invoice number, and total amount due. Contractor must send all completed invoices to the **Invoice Contact** in the **Details Summary**. Email delivery is preferred by the County; County may require delivery of invoices by email. Failure to submit invoices in a timely manner and in accordance with the terms of this Contract may cause a delay in payment. County may recoup any damages incurred because of Contractor's failure to submit invoices pursuant to the terms of this paragraph. County's acceptance or payment of an invoice will not constitute acceptance of any Work performed under this Contract.

6. Extra Time to Complete the Work: If Contractor cannot complete the Work by the **Expiration Date**, Contractor may request extra time to complete the Work. County, in its sole discretion, may grant Contractor additional time to complete the Work and, if so, will provide Contractor with written notice of the amount of extra time granted. County granting extra time to complete the Work will not entitle Contractor to additional compensation from County. This

Contract will remain in full force and effect during any time period that Contractor is permitted to finish completing the Work.

7. Extension of Contract Term (Additional Work): Upon mutual agreement of the Parties, this Contract may be extended until the **Final End Date**. During any extended **Contract Term**, the terms of this Contract will remain in full force and effect, unless otherwise amended in writing by the Parties. Where the Contractor will provide additional services for additional compensation beyond the initial **Contract Amount**, the Parties must execute a written amendment before the then-current **Expiration Date**. If necessary, the written amendment will incorporate an updated Scope of Work and updated Fee Schedule as exhibits. Contractor must provide a current Certificate of Insurance to the County that complies with the **Insurance Requirements** of this Contract, if any, prior to any extended **Contract Term**.

8. Schedule of Work: County may designate the hours (on a daily or weekly basis) during which Contractor can perform the Work, strictly for the purposes of minimizing inconvenience to the County and interference with County operations. Contractor will otherwise set its own work schedule.

9. Indemnity: Contractor will be liable for any damages to persons or property caused by or arising out of the actions, obligations, or omissions of Contractor, its employees, agents, representatives or other persons acting under Contractor's direction or control in performing or failing to perform the Work under this Contract. Contractor will indemnify and hold harmless County, its elected and appointed officials, and its employees, agents and representatives (the "indemnified parties"), from any and all liability, claims, demands, actions, damages, losses, judgments, costs or expenses, including attorneys' fees, which may be made or brought or which may result against any of the indemnified parties as a result or on account of the actions or omissions of Contractor, its employees, agents or representatives, or other persons acting under Contractor's direction or control. This indemnification obligation will extend to claims based on Contractor's unauthorized use or disclosure of confidential information and intellectual property infringement. County will not be obligated to indemnify or defend Contractor under any circumstances. Contractor's obligations under this provision shall survive expiration or termination of this Contract.

10. Nondiscrimination: Contractor will comply with the letter and spirit of the Colorado Anti-Discrimination Act, C.R.S. § 24-34-401, et seq., as amended, and all applicable local, State and Federal laws concerning discrimination and unfair employment practices. County prohibits unlawful discrimination on the basis of race, color, religion, gender, gender identity, national origin, age 40 and over, disability, socio-economic status, sexual orientation, genetic information, or any other status protected by applicable Federal, State or local law. Contractor must require that its subcontractors, if any, similarly comply with all applicable laws concerning discrimination and unfair employment practices.

11. Information and Reports: Contractor will provide to authorized County, State, and Federal government representatives all information and reports that may be required for any purpose authorized by law. Contractor will permit access to such representatives to Contractor's facilities, books, records, accounts, and any other relevant sources of information. Where information required by a representative is in the exclusive possession of a person or entity other than Contractor, Contractor must so certify to the County and explain what efforts it has made to obtain the information.

12. Independent Contractor: Contractor is an independent contractor for all purposes in performing the Work. Contractor is not an employee of the County for any purpose, including the Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the Colorado Workers' Compensation Act, the Colorado Unemployment Insurance Act, and the Public Employees Retirement Association.

Accordingly, County will not withhold or pay any income tax, payroll tax, or retirement contribution of any kind on behalf of Contractor or Contractor's employees. As an independent contractor, Contractor is responsible for employing and directing such personnel and agents as it requires to perform the Work. Contractor will exercise complete authority over its personnel and agents and will be fully responsible for their actions.

13. Termination for Non-Appropriation: The other provisions of this Contract notwithstanding, the County is prohibited by law from making commitments beyond the current fiscal year. Payment to Contractor beyond the current fiscal year is contingent on the appropriation and continuing availability of funding in any subsequent year. County has reason to believe that sufficient funds will be available for the full **Contract Term**. Where, however, funds are not allocated for any fiscal period beyond the current fiscal year, County may terminate this Contract without penalty by providing seven (7) days' written notice to Contractor.

14. Termination for Breach: Either Party's failure to perform any of its material obligations under this Contract, in whole or in part or in a timely or satisfactory manner, will be a breach. The institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) days after the institution of such proceeding, will also constitute a breach. In the event of a breach, the non-breaching Party may provide written notice of the breach to the other Party. If the notified Party does not cure the breach, at its sole expense, within thirty (30) days after delivery of notice, the non-breaching Party may exercise any of its remedies provided under this Contract or at law, including immediate termination of this Contract.

15. Termination for Convenience: County may terminate this Contract, in whole or in part, for any reason, upon seven (7) days' advance written notice to Contractor.

16. Remedies for Non-Performance: If Contractor fails to perform any of its obligations under this Contract, County may, at its sole discretion, exercise one or more of the following remedies, which shall survive expiration or termination of this Contract:

a. Suspend Performance: County may require that Contractor suspend performance of all or any portion of the Work pending necessary corrective action specified by the County and without entitling Contractor to an increase in compensation or extension of the performance schedule. Contractor must promptly stop performance and incurring costs upon delivery of a notice of suspension by the County.

b. Withhold Payment Pending Corrections: County may permit Contractor to correct any rejected Work at the County's discretion. Upon County's request, Contractor must correct rejected work at Contractor's sole expense within the time frame established by the County. Upon completion of the corrections satisfactory to the County, County will remit payment to Contractor.

c. Deny Payment: County may deny payment for any Work that does not comply with the requirements of the Contract or that Contractor otherwise fails to provide or complete, as determined by the County in its sole discretion. Upon County request, Contractor will promptly refund any amounts prepaid by the County with respect to such non-compliant Work.

d. Removal: Upon County's request, Contractor will remove any of its employees or agents from performance of the Work, if County, in its sole discretion, deems any such person to be incompetent, careless, unsuitable, or otherwise unacceptable.

17. Binding Arbitration Prohibited: County does not agree to binding arbitration by any extra-judicial body or person.

Contractor's violation of this provision will constitute a material breach of this Contract, entitling the County to terminate the contract for breach. If this Contract is so terminated, Contractor shall be liable for actual and consequential damages to the County.

22. Entire Agreement/Binding Effect/Amendments: This Contract represents the complete agreement between the Parties and is fully binding upon them and their successors, heirs, and assigns, if any.
