I authorize the following changes to be made to my voter registration record that resides in the Colorado statewide voter registration database and is maintained by the Boulder County Elections Office. (Mark one)

____ Please remove the “unlisted” phone number designation on my voter registration record. I understand that my phone number will now be included in public data reports. If I want to change my phone number designation at a future time, I must resubmit this form at a later date.

____ Please make my phone number “unlisted” on my voter registration record. This means my phone number is only available for use by the County Clerk’s office. Note: Voters with an unlisted phone number cannot use the Boulder Direct Online System (collecting signaures for ballot measures), as this system relies on publically available data and requires a phone number for the two-step verification process, which must come from the offical voter database.
