Planning Commission Study Session - Engage Boulder County – utilizing People Speak software

The County is pursuing different avenues to try and enhance our community engagement. We know people in the community care deeply about what happens in our community, but don't have the time or availability to participate in person. The software and process will allow citizens to review, seek clarification, and participate in Planning Commission hearings without needing to attend the hearing.

The process and software do not replace in-person hearings, but provide an additional option for the public to participate. This session will provide an overview of the software and process.
Informational only, public testimony will not be taken at this meeting.
