## **SPECIFICATIONS**

---

### **SECTION 1 – BACKGROUND**

#### **1.0 Rebate Program Overview and Goals**

Boulder County manages approximately \$500,000 to \$1,500,000 annually in rebate funding for commercial and residential energy efficiency upgrades under the [Partners for a Clean Environment](#) and [Energy Smart](#) programs. Boulder County is seeking a rebate processing firm to review, process, and issue checks for approximately 100-300 participants annually.

The goals of the Rebate Programs are to:

- 1) Effectively provide rebate opportunities for Energy Efficiency (EE), Renewable Energy (RE), Indoor Air Quality (IAQ) improvements to businesses and residents across Boulder County.
- 2) Encourage the energy efficiency contractor, trades, and manufacturing sectors to better understand, recognize, value, and promote the use of energy efficient equipment.
- 3) Maintain and create partnerships with utilities and communities that will allow for sustainable funding.
- 4) Secure the faith and trust of stakeholders and citizens that funds were utilized prudently and successfully.
- 5) Leverage other incentives (utility, municipality, manufacturer) create a compelling case to the building owner to make these clean energy investments.

#### **1.1 Rebate Types and Incentives**

Boulder County offers rebates for lighting upgrades, motors, HVAC equipment, compressors, water heating, clean energy, indoor air quality, food service equipment, and office equipment.

Boulder County offers:

- 1) Prescriptive rebate measures;
- 2) Custom rebate measures;
- 3) Variable rebate or grant incentives based on a set of predetermined criteria;
- 4) Income qualified rebates and incentives

For the prescriptive rebates, eligible equipment will be clearly specified to the contractor, and the rebate dollar amounts will be predetermined based on a per-unit (each, tons, watts, etc.) basis. For the measures listed, minimum efficiency or other rating attainment thresholds will be identified on the Eligible Measures List that will be updated on a quarterly or bi-annual basis.

Custom rebates will consider innovative energy efficiency measures that provide verifiable energy savings and a reasonable payback period. Custom rebate amounts will be based on a dollars-per-unit of energy savings or greenhouse gas reduction.

Variable rebate or grant incentives will be based on energy savings potential as well as other criteria aimed at serving marginalized groups and populations.

Income qualified rebates and incentives may be offered from time to time. These incentive levels and the business or resident qualification criteria will be pre-determined by the program manager(s) prior to going into effect.

Total rebate amounts may be capped for individual property parcels, measures, or as a percentage of total project costs. Rebate offerings are expected to undergo revisions up to two times per year.

### **1.2 Rebate Application Overview**

The rebate application will collect general information regarding the property (contact information, addresses, building description, etc.); information specific to the measure(s) being rebated to ensure eligibility; and will include the applicant's contractor invoices ("work invoices") detailing equipment that has been removed and installed, as well as itemized and total project costs. These work invoices, as part of the application, will detail the qualified improvements and identify the existing equipment that was replaced (if applicable); the make, model and size of the equipment being installed; the costs for parts and materials separated for each measure.

Boulder County will electronically submit rebate applications to the contractor on behalf of the participating businesses. The contractor will notify Boulder County with a confirmation receipt of applications.

All collected data will be stored in a central database, provided by the contractor, and accessible to the Boulder County and its partners with raw data being provided to Boulder County for integration into its data management system, Salesforce, on a monthly basis consistent with the contractor's invoices.

### **1.3 Rebate Funding Sources**

To leverage funds and provide more equitable incentives to businesses and residents, Boulder County has developed a partnership model to support the efforts of local utilities, governments, and community and nonprofit organizations. Boulder County receives and manages rebate funds from multiple sources. This may cause the rebate amount to vary depending on the location of the applicant's property. The contractor must agree to accept a range of rebate amounts depending on the applicant's location.

### **1.4 Reporting**

Boulder County requires that the contractor provide and oversee as necessary all applicable reporting detailed in Section 2 – Scope of Work.

## SECTION 2 – SCOPE OF WORK

### 2.0 Scope of Work

The overall task of the contractor is to support the deployment of rebate awards within the rebate program, including:

- 3) Management and reporting of required metrics and raw data in a prescribed format to Boulder County.

#### **Subcontractor Requirements:**

Boulder County will allow for certain types of subcontracting by the contractor to occur in the scope of work only under the following circumstances:

In order to meet these requirements, the contractor will:

- 1) Ensure that all required data has been submitted and that data entry parameters (e.g., set number ranges, utility account number formats, email addresses) are met. Any data that does not meet the defined criteria must be flagged. Boulder County must be made aware of the issues.

- 2) Confirm that equipment counts shown on the rebate reservation and application match those listed on contractor and vendor invoices.
- 3) Manually verify documentation such as contractor and vendor invoices, cut sheets and other technical documents to ensure that the equipment being installed - and in some cases, the original equipment that is being replaced – meets the eligibility requirements set forth by Boulder County. This may include, but not be limited to, reviewing Energy Star, Consortium for Energy Efficiency, and Design Light Consortium approved equipment lists; comparing equipment specifications against ASHRAE standards; and calculating potential energy savings.
- 4) Manually verify rebate estimation tools provided by Boulder County are accurate. This includes cross referencing vendor invoices and equipment details to ensure accuracy of rebate amounts.

Applicants should receive a rebate check or EFT within eight weeks of the submission of a completed, approved rebate application, preferably sooner. A rebate application will be considered complete once the contractor has received all required information and supporting documentation necessary to assure eligibility. The contractor will track and be able to report the date upon which:

- Completed rebate application was submitted.
- Rebate check was sent to applicant.
- Rebate check was cashed.

If any checks are returned by the post office as undeliverable, or if any checks remain uncashed by a business 90 days after issuance by the contractor, the contractor will notify Boulder County. Boulder County will contact the business or resident to determine if they have received the check, if the mailing address is correct and then provide contractor with any correcting information.

For returned mail, contractor shall apply the corrected address and mail the check to the corrected address. Should the check need to be reissued, contractor shall void the check with the contractor's bank and reissue the check. Any fees associated with voiding and reissuing the check (including stationary and postage) shall be added to contractor's next invoice.

If any checks remain uncashed by a business 180 days after issuance by the contractor, the contractor will notify Boulder County to request permission to void the check and credit Boulder County on the next invoice. The contractor shall return any remaining invoice credits, less cost of voiding the check, to Boulder County upon termination of this contract.

In the event a check is cashed during the process of voiding and/or reissuance of a replacement check, Boulder County shall reimburse contractor any costs and fees incurred and contractor shall add these costs that are in excess of the funding for the rebate to the contractor's next invoice.

## BOULDER COUNTY SAMPLE CONTRACT

---

THIS CONTRACT ("Contract") is entered into by and between the County of Boulder, State of Colorado, a body corporate and politic, acting by and through its Board of County Commissioners for the benefit of the [Department] ("County") and [Supplier] ("Contractor"). County and Contractor are each a "Party," and collectively the "Parties."

In consideration of the mutual covenants contained in this Contract, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Incorporation into Contract: The **Details Summary** is incorporated into this Contract. The **Contract Documents** are incorporated into this Contract by reference, except to the extent that the Proposal, if any is incorporated, contains any obligations placed upon County and not otherwise contained in this Contract.
2. Work to be Performed: Contractor will provide all labor and equipment and do all tasks necessary and incidental to performing the work as described in the **Details Summary** and **Contract Documents** (the "Work"). Contractor will perform the Work (a) in a good and workmanlike manner, (b) at its own cost and expense, (c) in accordance with recognized industry standards of care, skill and diligence for the type of work being performed, and (d) in strict accordance with the Contract.
3. Term of Contract: The **Contract Term** begins on the **Start Date** and expires on the **Expiration Date**, unless terminated sooner. All the Work must be performed during the **Contract Term**.
4. Payment for Work Performed: In consideration of the Work performed by Contractor, and subject to conditions contained in this Contract, County will pay an amount not to exceed the **Contract Amount** to Contractor in accordance with the **Contract Documents**.
5. Invoicing: Contractor will promptly provide a copy of its Form W-9 and invoice template to County upon request. Contractor must submit an invoice to the County by the fifteenth (15th) day of the month following completion of the Work. All invoices submitted require the following components: Contractor's name and address (submitted W-9 address must match remit address), detailed description of services, dates of services, itemization of labor and materials costs, "Bill to: Boulder County" language, payment remittance address, payer, name and address, date of invoice, unique invoice number, and total amount due. Contractor must send all completed invoices to the **Invoice Contact** in the **Details Summary**. Email delivery is preferred by the County; County may require delivery of invoices by email. Failure to submit invoices in a timely manner and in accordance with the terms of this Contract may cause a delay in payment. County may recoup any damages incurred because of Contractor's failure to submit invoices pursuant to the terms of this paragraph. County's acceptance or payment of an invoice will not constitute acceptance of any Work performed under this Contract.
6. Extra Time to Complete the Work: If Contractor cannot complete the Work by the **Expiration Date**, Contractor may request extra time to complete the Work. County, in its sole discretion, may grant Contractor additional time to complete the Work and, if so, will provide Contractor with written notice of the amount of extra time granted. County granting extra time to complete the Work will not entitle Contractor to additional compensation from County. This

Contract will remain in full force and effect during any time period that Contractor is permitted to finish completing the Work.

7. Extension of Contract Term (Additional Work): Upon mutual agreement of the Parties, this Contract may be extended until the **Final End Date**. During any extended **Contract Term**, the terms of this Contract will remain in full force and effect, unless otherwise amended in writing by the Parties. Where the Contractor will provide additional services for additional compensation beyond the initial **Contract Amount**, the Parties must execute a written amendment before the then-current **Expiration Date**. If necessary, the written amendment will incorporate an updated Scope of Work and updated Fee Schedule as exhibits. Contractor must provide a current Certificate of Insurance to the County that complies with the **Insurance Requirements** of this Contract, if any, prior to any extended **Contract Term**.

8. Schedule of Work: County may designate the hours (on a daily or weekly basis) during which Contractor can perform the Work, strictly for the purposes of minimizing inconvenience to the County and interference with County operations. Contractor will otherwise set its own work schedule.

9. Indemnity: Contractor will be liable for any damages to persons or property caused by or arising out of the actions, obligations, or omissions of Contractor, its employees, agents, representatives or other persons acting under Contractor's direction or control in performing or failing to perform the Work under this Contract. Contractor will indemnify and hold harmless County, its elected and appointed officials, and its employees, agents and representatives (the "indemnified parties"), from any and all liability, claims, demands, actions, damages, losses, judgments, costs or expenses, including attorneys' fees, which may be made or brought or which may result against any of the indemnified parties as a result or on account of the actions or omissions of Contractor, its employees, agents or representatives, or other persons acting under Contractor's direction or control. This indemnification obligation will extend to claims based on Contractor's unauthorized use or disclosure of confidential information and intellectual property infringement. County will not be obligated to indemnify or defend Contractor under any circumstances. Contractor's obligations under this provision shall survive expiration or termination of this Contract.

10. Nondiscrimination: Contractor will comply with the letter and spirit of the Colorado Anti-Discrimination Act, C.R.S. § 24-34-401, et seq., as amended, and all applicable local, State and Federal laws concerning discrimination and unfair employment practices. County prohibits unlawful discrimination on the basis of race, color, religion, gender, gender identity, national origin, age 40 and over, disability, socio-economic status, sexual orientation, genetic information, or any other status protected by applicable Federal, State or local law. Contractor must require that its subcontractors, if any, similarly comply with all applicable laws concerning discrimination and unfair employment practices.

11. Information and Reports: Contractor will provide to authorized County, State, and Federal government representatives all information and reports that may be required for any purpose authorized by law. Contractor will permit access to such representatives to Contractor's facilities, books, records, accounts, and any other relevant sources of information. Where information required by a representative is in the exclusive possession of a person or entity other than Contractor, Contractor must so certify to the County and explain what efforts it has made to obtain the information.

12. Independent Contractor: Contractor is an independent contractor for all purposes in performing the Work. Contractor is not an employee of the County for any purpose, including the Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the Colorado Workers' Compensation Act, the Colorado Unemployment Insurance Act, and the Public Employees Retirement Association.

Accordingly, County will not withhold or pay any income tax, payroll tax, or retirement contribution of any kind on behalf of Contractor or Contractor's employees. As an independent contractor, Contractor is responsible for employing and directing such personnel and agents as it requires to perform the Work. Contractor will exercise complete authority over its personnel and agents and will be fully responsible for their actions.

13. Termination for Non-Appropriation: The other provisions of this Contract notwithstanding, the County is prohibited by law from making commitments beyond the current fiscal year. Payment to Contractor beyond the current fiscal year is contingent on the appropriation and continuing availability of funding in any subsequent year. County has reason to believe that sufficient funds will be available for the full **Contract Term**. Where, however, funds are not allocated for any fiscal period beyond the current fiscal year, County may terminate this Contract without penalty by providing seven (7) days' written notice to Contractor.

14. Termination for Breach: Either Party's failure to perform any of its material obligations under this Contract, in whole or in part or in a timely or satisfactory manner, will be a breach. The institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) days after the institution of such proceeding, will also constitute a breach. In the event of a breach, the non-breaching Party may provide written notice of the breach to the other Party. If the notified Party does not cure the breach, at its sole expense, within thirty (30) days after delivery of notice, the non-breaching Party may exercise any of its remedies provided under this Contract or at law, including immediate termination of this Contract.

15. Termination for Convenience: County may terminate this Contract, in whole or in part, for any reason, upon seven (7) days' advance written notice to Contractor.

16. Remedies for Non-Performance: If Contractor fails to perform any of its obligations under this Contract, County may, at its sole discretion, exercise one or more of the following remedies, which shall survive expiration or termination of this Contract:

a. Suspend Performance: County may require that Contractor suspend performance of all or any portion of the Work pending necessary corrective action specified by the County and without entitling Contractor to an increase in compensation or extension of the performance schedule. Contractor must promptly stop performance and incurring costs upon delivery of a notice of suspension by the County.

b. Withhold Payment Pending Corrections: County may permit Contractor to correct any rejected Work at the County's discretion. Upon County's request, Contractor must correct rejected work at Contractor's sole expense within the time frame established by the County. Upon completion of the corrections satisfactory to the County, County will remit payment to Contractor.

c. Deny Payment: County may deny payment for any Work that does not comply with the requirements of the Contract or that Contractor otherwise fails to provide or complete, as determined by the County in its sole discretion. Upon County request, Contractor will promptly refund any amounts prepaid by the County with respect to such non-compliant Work.

d. Removal: Upon County's request, Contractor will remove any of its employees or agents from performance of the Work, if County, in its sole discretion, deems any such person to be incompetent, careless, unsuitable, or otherwise unacceptable.

17. Binding Arbitration Prohibited: County does not agree to binding arbitration by any extra-judicial body or person.
