1. Question: Are Scranton Products an accepted substitute for this project? PDF provided.

**ANSWER: This bid is only for interior framing and drywall. Toilet partitions are not part of this bid and substitution requests will be addressed when that bid request is issued.**

2. Question: Do you want a full interior finish or do you want just the framing and drywall done for now?

**ANSWER: This bid is for interior partition framing and drywall only. Additional bids will be held at a later date for other interior finishes and identified by scope name.**

3. Question: Would Accent Acoustical Ceiling Tiles (CLG-05) and the Acoustic Panels (WC-03, WC-04) be an acceptable substitute for this project? PDF Provided

**ANSWER: This bid is only for interior framing and drywall. Acoustic ceilings are not part of this bid and substitution requests will be addressed when that bid request is issued.**

4. Question: We believe the spec on this project calls for the pipe bollard tops to be formed by hand. We manufacture a precast concrete bollard cap that makes this process faster, less expensive and completely uniform. Will this be an acceptable substitute for this project?

**ANSWER: This bid is for interior framing and drywall only and this substitution request will be considered when concrete scopes are bid.**

5. Question: The project description shows the scope of work as interior finishes. Are you only looking for metal stud and drywall bids for the project or will all interior finishes be bidding separately?
