PROPOSAL INSTRUCTIONS

1. Purpose/Background

BACKGROUND:

Boulder County and other Colorado communities are living with worsening impacts of climate change in the form of several alarming trends: more destructive wildfires, more heat waves and droughts, reduced snowpack, increased air pollution, and changing precipitation, among other indicators. These impacts are already happening and may be irreversible according to the latest report from the Intergovernmental Panel on Climate Change (IPCC), which illustrate what Boulder County and other communities have at stake—and why it’s critical to prepare for a different future.

IPCC and leading scientists are now in consensus that decarbonizing the built environment as rapidly as possible is an essential strategy to stem the worst effects of climate change. To accomplish this growing a robust green building workforce that is racially and gender inclusive is critical. Regionally, it is perceived that there are obstacles and barriers that have impacted minority and women owned businesses and communities from fully participating in a ‘green energy economy’.

The office of Sustainability, Climate Action & Resilience (OSCAR) seeks to hire a consultant to evaluate the current green energy economy landscape horizontally (i.e. across the region) and vertically (i.e upwards in the supply chain from in-field installers and contractors to architect/designers and suppliers) in order to evaluate **access** issues, concerns and barriers for minority and women businesses wanting to operate within the green and resilient building sector. Organizations, as well as well qualified individuals are encouraged to apply.

Please be advised of the following contract term required for all Boulder County contracts effective 12/1/21:

COVID-19 Vaccine Requirement for Certain Contractors of County

On September 28, 2021, the Boulder County Board of Commissioners adopted a COVID-19 vaccine requirement policy that applies to, as relevant here, all employees of independent contractors of the County that perform county work in a county facility. For purposes of this policy, “perform work in a county facility” means any employee of an independent contractor that routinely performs more than fifteen (15) hours per month of county work that takes place in or on a county facility/property. Under the County’s COVID-19 vaccine requirement policy, these individuals are required to receive a COVID-19 vaccine unless a reasonable accommodation based on medical reasons or due to a sincerely held religious belief is requested and approved. The policy requires that, by December 1, 2021, all individuals to which the policy applies must be fully vaccinated and submit proof of vaccination or have an approved reasonable accommodation in place. Therefore, beginning December 1, 2021, any employees of Contractor that perform county work in a county facility must be in compliance with the County’s vaccine requirement policy unless Contractor can show proof that it is in compliance with its own COVID-19 vaccine requirement policy or is required by local, state, or federal law or regulation to be compliant with a COVID-19 vaccine requirement policy.

Contractor will exercise complete authority over its personnel and agents and will be fully responsible for their actions.

13. **Termination**

a. **Breach:** Either Party's failure to perform any of its material obligations under this Contract, in whole or in part or in a timely or satisfactory manner, will be a breach. The institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) days after the institution of such proceeding, will also constitute a breach. In the event of a breach, the non-breaching Party may provide written notice of the breach to the other Party. If the breaching Party does not cure the breach, at its sole expense, as reasonably determined by the non-breaching Party in its sole discretion, within thirty (30) days after delivery of notice, the non-breaching Party may exercise any of its remedies provided under this Contract or at law, including immediate termination of this Contract.

b. **Non-Appropriation:** The other provisions of this Contract notwithstanding, County is prohibited by law from making commitments beyond the current fiscal year. Payment to Contractor beyond the current fiscal year is contingent on the appropriation and continuing availability of funding in any subsequent year. County has reason

to believe that sufficient funds will be available for the full **Contract Term**. Where, however, funds are not allocated for any fiscal period beyond the current fiscal year, County may terminate this Contract without penalty by providing seven (7) days' written notice to Contractor.

c. Convenience: In addition to any other right to terminate under this Section 13, County may terminate this Contract, in whole or in part, for any or no reason, upon seven (7) days' advance written notice to Contractor.

14. Contractor Obligations upon Termination or Expiration: By the **Expiration Date** or effective date of termination, if earlier, Contractor must (1) remove from County property all of its personnel, equipment, supplies, trash and any hazards created by Contractor, (2) protect any serviceable materials belonging to the County, and (3) take any other action necessary to leave a safe and healthful worksite. Any items remaining on County property after the Expiration Date or the effective date of termination, if earlier, will be deemed abandoned by Contractor.

15. Payable Costs in Event of Early Termination: If County terminates this Contract before the **Expiration Date**, Contractor's payments (and any damages associated with any lawsuit brought by Contractor) are limited to only (1) payment for Work satisfactorily executed and fully and finally completed, as determined by County in its sole discretion, prior to delivery of the notice to terminate, and (2) the reasonable and actual costs Contractor incurred in connection with performing the Work prior to delivery of the notice to terminate. Contractor explicitly waives all claims it may have against the County for any other compensation, such as anticipatory profits or any other consequential, special, incidental, punitive or indirect damages.

16. Remedies for Non-Performance: If Contractor fails to perform any of its obligations under this Contract, County may, at its sole discretion, exercise one or more of the following remedies (in addition to any other remedies provided by law or in this Contract), which shall survive expiration or termination of this Contract:

a.
