Boulder County Pathways to Housing Stability

Year 4 Quarter 2 Data Snapshot

The Boulder County Pathways to Housing Stability (BCPHS) initiative, funded by a 5-year SAMHSA-TIEH grant, supports adults experiencing chronic homelessness who also have behavioral health needs in finding and maintaining stable housing. Integrating behavioral health treatment and recovery support services with housing navigation, the goal is to help clients move quickly into housing with access to evidence-based programs and services. The initiative seeks to enroll 69 un-duplicated clients annually (345 over five years) and place an average of 56 clients annually (280 over five years) into housing. Demographic and outcome data are from the National Outcomes Measures System (NOMS) tool. This report presents data for 16 clients who enrolled in the BCPHS program and completed evaluation assessment(s) during Quarter 2 of Year 4 of the grant between March 1, 2022 and May 31, 2022.
