

Real Doctors. Real Results.

How do we create the perfect MDLIVE doctor? We start by recruiting only the best. All of our doctors are U.S. Board Certified with an average of 15 years of experience, and licensed in whichever state you are located. We then put our doctors through MDLIVE University, where they complete nine-modules of state of the art telehealth training. Lastly, we monitor doctor effectiveness. MDLIVE holds our doctors to the highest standards. That's why we gather patient feedback and review our doctors each month.

MDLIVE is perfect for those times when you're too busy to get an appointment with your primary care doctor. Whether you are at home, at work, traveling or you just want a more convenient way to see a doctor, MDLIVE is easy to use and available on your schedule anytime, anywhere. This service is secure, confidential and compliant with all medical privacy regulations. **Call us at 1-888-726-3171** or visit us online at **MDLIVE.com/**
