SPECIFICATIONS

Purpose/Background:

Main objective: Boulder County is seeking partnership with a sole vendor to supply select Boulder County businesses with energy efficient refrigeration and restaurant replacement equipment.

The goals of this project are to support Boulder County businesses with:

Remove as many financial and logistical barriers as possible when it comes to replacing inefficient restaurant and grocery store equipment for select Boulder County businesses

Replace inefficient equipment manufactured prior to 2006 with EnergyStar equipment to reduce greenhouse gas emissions, utility bills, and maintenance costs while improving aesthetics, workplace comfort, equipment reliability, and the safe handling of perishable merchandise. Additionally, this program aims to replace equipment that runs on natural gas with EnergyStar certified electric alternatives.

The vendor will work in close coordination with Partners for a Clean Environment (PACE), who will oversee the program.

Background:

For over 20 years, Partners for a Clean Environment (PACE) has been a one-stop-shop for business sustainability in Boulder County. It is a voluntary program funded by the City of Boulder and Boulder County. PACE's expert staff advise businesses with energy efficiency, waste reduction, water quality/efficiency, and transportation. PACE has assisted over 3,000 businesses with upgrades that are ultimately saving the business community over \$2,377,000 on their utility bills year after year.

PACE's energy advising includes, but is not limited to, conducting energy efficiency assessments, administering cost saving rebates, identifying contractors, and evaluating proposals. PACE offers rebates that can be combined with utility rebates for lighting, heating/cooling, refrigeration, kitchen equipment, motors, compressors, and renewables.

PACE has found there are many barriers businesses face when it comes to replacing refrigeration and kitchen equipment. Barriers include, but are not limited to, the following:

- Cost
- Logistics of installation of new equipment
- Removal and proper disposal of old equipment
- Time- including finding, vetting, and working with a vendor
- Language
- Equipment confusion

Given the barriers, there are substantial benefits to upgrading equipment. Benefits include, but are not limited to, the following:

- Saves money on energy bills
- More reliable equipment
- Less maintenance
- Looks better
- Improved workplace comfort
- Safer food handling temperatures/decreased health risks
- Reduction in energy use and greenhouse gas emissions

The roles laid out in this RFP along with increased rebates (up to 70% of total project cost) from PACE will help to remove barriers for businesses to replace inefficient equipment and provide an opportunity for them to enjoy the many benefits of new, efficient equipment while contributing to the community's sustainability goals. Funding for this program is expected to range from \$100,000 to \$300,000 with the option to increase based on program participation, proven energy savings, and funding availability. In 2023, PACE worked with over 65 businesses, replacing more than 100 pieces of equipment. PACE expects to work with a similar number of businesses in 2023. Funding may be renewed in varying amounts in future years as decided by program administrator.

Scope of Work / Needs

Boulder County is requesting proposals for the following work:

1. Support standard equipment replacement projects

Boulder County is seeking a vendor with the ability to support the ordering and delivery of standard refrigeration and kitchen equipment. This will make up approximately 80% of projects.

More specifically, the vendor will:

- Provide PACE with a list of equipment competitively priced for standard food service equipment, which includes but is not limited to: one, two, and three-door models of reach-in refrigerators, reach-in freezers, merchandisers, merchandiser freezers, undercounter refrigerators, and undercounter freezers; and food preparation tables (given that there are no preparation table models that EnergyStar certified, PACE will work with the vendor to identify these units).
- Source equipment from a manufacturer/brand that provides quality, EnergyStar

certified equipment with reasonable prices and good lead times. The vendor should include a justification for this choice based on these criteria.

- Provide delivery and installation of new equipment as well as removal and recycling of old equipment. This will preferably be an in-house service offered by the vendor itself or alternatively can be done through a third-party partner that the vendor oversees.

2. Support replacement projects for non-standard equipment

Vendor works directly with business when non-standard equipment is needed. The vendor will help the business determine appropriate equipment, provide pricing, and identify any special/necessary requirements. This will make up approximately 20% of projects.

More specifically, the vendor will:

1. Provide custom equipment that could include, but is not limited to:
 - Bar fridges
 - Undercounter ice machines and larger ice makers
 - Commercial dishwashers
 - Differently sized units
 - Electric ovens, griddles, and cooktops
2. Identify replacement equipment opportunities after receiving preliminary information from PACE/business and ensure replacement equipment meets the following criteria:
 - EnergyStar certified and is as efficient and reliable as possible
 - Correct size for the location and use
 - Meets the functionality needs of business owner
 - Is a one for one replacement (for example: two door bar fridge replaced with two door bar fridge)
3. Prepare quotes for new equipment, including potential rebates from utility and PACE as well as delivery and disposal fees (more details in section 4 and 5)
4. Support customer with installation support when necessary (e.g. ice machines and dishwasher installation). Vendor should highlight how they intend to do this, what partners might be involved and what support from PACE would be needed
5. Identify any potential barriers for these custom projects and work with PACE and/or partners to overcome these
6. Provide bilingual support when needed

3. Program Management

Vendor will provide reliable and communicative program management services.

More specifically, the vendor will:

- Maintain clear and consistent communication with both PACE and businesses
- Allocate key personnel to support this program with buy-in and support from management
- Provide bilingual services (English/Spanish) to communicate with businesses regarding equipment selection, payment, delivery, and installation
- Have a backup communication and program support plan for when key personnel are out of office
- Work with PACE to co-create a shared pipeline for key information for and status of each project.

- Meet for regular check-ins with the PACE team
 - Provide timely responses to all communications from PACE and businesses

4. Equipment logistics

Vendor will either provide full-service delivery for equipment into the business along with the removal of old equipment OR subcontract with a third-party partner to offer these services to participating businesses.

More specifically, the vendor will:

1. Provide tracking information to business and PACE
2. Coordinate with participating businesses to schedule delivery date/time and verify delivery location
3. Deliver new equipment directly to business
4. Verify new equipment has no defects
5. Remove existing equipment
6. Provide expert and insured installation
7. Ensure product warranty is valid after installation
8. Ensure equipment is working properly after installation
9. Provide equipment tutorial to business recipient
10. Properly dispose of old equipment through the Center for Hard to Recycle Materials located in Boulder or equivalent recycling center
11. Report order status to PACE, including delivery date

Boulder County is open to an alternative model that will provide sufficient services to business participants. If this option is utilized, please include a detailed process that meets the above expectations.

5. Pricing and payment

The selected vendor should provide the following services:

1. Provide pricing for equipment and delivery in the table below,
2. Outline information on how often standard equipment prices will be adjusted (i.e. quarterly, semi-annually, or annually)
3. Include delivery and installation costs on invoices
4. Accept and collect split payment (approximately 30%) from the business and from Boulder County (approximately 70%; Boulder County does not bear responsibility for the business' portion of the payment. The vendor must accept and manage any risk of default from businesses).
5. Utilize payment from business as a deposit to secure equipment order and initiate delivery logistics
6. Report payment receipt from participating businesses to PACE
7. Manage any available utility rebates for business participants
8. If utilizing a third-party vendor for services pertaining to delivery and/or installation of new equipment and removal/proper disposal of old equipment, RFP awardee will manage, collect, and distribute funding as needed
9. Bill PACE for their portion of equipment (approximately 70%), plus delivery and disposal fees, after delivery/installation has been completed

Where the Contractor will provide additional services for additional compensation beyond the initial **Contract Amount**, the Parties must execute a written amendment before the then-current **Expiration Date**. If necessary, the written amendment will incorporate an updated Scope of Work and updated Fee Schedule as exhibits. Contractor must provide a current Certificate of Insurance to the County that complies with the **Insurance Requirements** of this Contract, if any, prior to any extended **Contract Term**.

8. Schedule of Work: County may designate the hours (on a daily or weekly basis) during which Contractor may perform the Work, strictly for the purposes of minimizing inconvenience to the County and interference with County operations. Contractor will otherwise set its own work schedule.

9. Indemnity: Contractor will be liable for any damages to persons or property caused by or arising out of the actions, obligations, or omissions of Contractor, its employees, agents, representatives or other persons acting under Contractor's direction or control in performing or failing to perform the Work under this Contract. Contractor will indemnify and hold harmless County, its elected officials and appointed department heads, and its employees, agents and representatives (the "indemnified parties"), from any and all liability, claims, demands, actions, damages, losses, judgments, costs or expenses, including attorneys' fees, which may be made or brought or which may result against any of the indemnified parties as a result or on account of the actions or omissions of Contractor, its employees, agents or representatives, or other persons acting under Contractor's direction or control. This indemnification obligation will extend to claims based on Contractor's unauthorized use or disclosure of confidential information and intellectual property infringement. County will not be obligated to indemnify or defend Contractor under any circumstances. Contractor's obligations under this provision shall survive expiration or termination of this Contract. Nothing contained in this Contract or the **Contract Documents** is intended to limit or restrict the indemnification rights or obligations of any Party under this provision, or damages available for breaches of the obligations herein.

10. Nondiscrimination: Contractor will comply with the Colorado Anti-Discrimination Act, C.R.S. § 24-34-401, et seq., as amended, and all applicable local, State and Federal laws concerning discrimination and unfair employment practices. County prohibits unlawful discrimination on the basis of race, color, religion, gender, gender identity, national origin, age 40 and over, disability, socio-economic status, sexual orientation, genetic information, or any other status protected by applicable Federal, State or local law. Contractor must require that its subcontractors, if any, similarly comply with all applicable laws concerning discrimination and unfair employment practices.

11. Information and Reports: Contractor will provide to authorized County, State, and Federal government representatives all information and reports that may be required for any purpose authorized by law. Contractor will permit access to such representatives to Contractor's facilities, books, records, accounts, and any other relevant sources of information. Where information required by a representative is in the exclusive possession of a person or entity other than Contractor, Contractor must so certify to the County and explain what efforts it has made to obtain the information.

12. Independent Contractor: **Contractor is an independent contractor for all purposes in performing the Work. None of Contractor, its agents, personnel or subcontractors are employees of the County for any purpose, including the Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the Colorado Workers' Compensation Act, the Colorado Unemployment Insurance Act, and the Public Employees Retirement Association. Accordingly, County will not withhold or pay any income tax, payroll tax, or retirement contribution of any kind on behalf of Contractor or Contractor's employees. As an independent contractor, Contractor is responsible for employing and directing such personnel and agents as it requires to perform the Work. Contractor will exercise complete authority over its personnel and agents and will be fully responsible for their actions.**

13. Termination

a. Breach: Either Party's failure to perform any of its material obligations under this Contract, in whole or in part or in a timely or satisfactory manner, will be a breach. The institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) days after the institution of such proceeding, will also constitute a breach. In the event of a breach, the non-breaching Party may provide written notice of the breach to the other Party. If the breaching Party does not cure the breach, at its sole expense, as reasonably determined by the non-breaching Party in its sole discretion, within thirty (30) days after delivery of notice, the non-breaching Party may exercise any of its remedies provided under this Contract or at law, including immediate termination of this Contract.

b. Non-Appropriation: The other provisions of this Contract notwithstanding, County is prohibited by law from making commitments beyond the current fiscal year. Payment to Contractor beyond the current fiscal year is contingent on the appropriation and continuing availability of funding in any subsequent year. County has reason to believe that sufficient funds will be available for the full **Contract Term**. Where, however, funds are not allocated for any fiscal period beyond the current fiscal year, County may terminate this Contract without penalty by providing seven (7) days' written notice to Contractor.

c. Convenience: In addition to any other right to terminate under this Section 13, County may terminate this Contract, in whole or in part, for any or no reason, upon seven (7) days' advance written notice to Contractor.

14. Contractor Obligations upon Termination or Expiration: By the **Expiration Date** or effective date of termination, if earlier, Contractor must (1) remove from County property all of its personnel, equipment, supplies, trash and any hazards created by Contractor, (2) protect any serviceable materials belonging to the County, and (3) take any other action necessary to leave a safe and healthful worksite. Any items remaining on County property after the Expiration Date or the effective date of termination, if earlier, will be deemed abandoned by Contractor.

15. Payable Costs in Event of Early Termination: If County terminates this Contract before the **Expiration Date**, Contractor's payments (and any damages associated with any lawsuit brought by Contractor) are limited to only (1) payment for Work satisfactorily executed and fully and finally completed, as determined by County in its sole discretion, prior to delivery of the notice to terminate, and (2) the reasonable and actual costs Contractor incurred in connection with performing the Work prior to delivery of the notice to terminate. Contractor explicitly waives all claims it may have against the County for any other compensation, such as anticipatory profits or any other consequential, special, incidental, punitive or indirect damages.

16. Remedies for Non-Performance: If Contractor fails to perform any of its obligations under this Contract, County may, at its sole discretion, exercise one or more of the following remedies (in addition to any other remedies provided by law or in this Contract), which shall survive expiration or termination of this Contract:

a. Suspend Performance: County may require that Contractor suspend performance of all or any portion of the Work pending necessary corrective action specified by the County and without entitling Contractor to an increase in compensation or extension of the performance schedule. Contractor must promptly stop performance and incurring costs upon delivery of a notice of suspension by the County.

b. Withhold Payment Pending Corrections: County may permit Contractor to correct any rejected Work at the County's discretion. Upon County's request, Contractor must correct rejected work at Contractor's sole expense within the time frame established by the County. Upon full and final completion of the corrections satisfactory to the County, County will remit payment to Contractor.

c. Deny Payment: County may deny payment for any Work that does not comply with the requirements of the Contract or that Contractor otherwise fails to provide or fully and finally complete, as determined by the County in its sole discretion. Upon County request, Contractor will promptly refund any amounts prepaid by the County with respect to such non-compliant Work.

d. Removal: Upon County's request, Contractor will remove any of its employees or agents from performance of the Work, if County, in its sole discretion, deems any such person to be incompetent, careless, unsuitable, or otherwise unacceptable.

17. Binding Arbitration Prohibited: County does not agree to binding arbitration by any extra-judicial body or person.

18. Conflicts of Interest: Contractor may not engage in any business or personal activities or practices or maintain any relationships that conflict in any way with the full performance of Contractor's obligations.

19. Notices: All notices provided under this Contract must be in writing and sent by Certified U.S. Mail (Return Receipt Requested), electronic mail, or hand-delivery to the other Party's **Contact** at the address specified in the **Details Summary**. For certified mailings, notice periods will begin to run on the day after the postmarked date of mailing. For electronic mail or hand-delivery, notice periods will begin to run on the date of delivery.
20. Statutory Requirements: This Contract is subject to all statutory requirements that are or may become applicable to counties or political subdivisions of the State of Colorado generally, including but not limited to: C.R.S. § 38-26-107, which requires withholding funds where the County receives a claim for payment from a supplier or subcontractor of Contractor upon notice of final settlement (required for public works contracts that exceed \$150,000); C.R.S. § 8-17-101 et seq.; C.R.S. § 18-8-301, et seq.; and C.R.S. § 18-8-401, et seq.
21. No Suspension or Debarment: Contractor certifies, and warrants for the Contract Term, that neither it nor its principals nor any of its subcontractors are debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this Contract by any Federal or State department or agency. Contractor shall comply, and shall require its subcontractors to comply, with subpart C of 2 C.F.R. § 180.
22. Entire Agreement/Binding Effect/Amendments: This Contract represents the complete agreement between the Parties and is fully binding upon them and their successors, heirs, and assigns, if any. This Contract terminates any prior agreements, whether written or oral in whole or in part, between the Parties relating to the Work. This Contract may be amended only by a written agreement signed by both Parties.
23. Assignment/Subcontractors: This Contract may not be assigned or subcontracted by Contractor without the prior written consent of the County. If Contractor subcontracts any of its obligations under this Contract, Contractor will remain liable to the County for those obligations and will also be responsible for subcontractor's performance under, and compliance with, this Contract.
24. Governing Law/Venue: The laws of the State of Colorado govern the construction, interpretation, performance, and enforcement of this Contract. Any claim relating to this Contract or breach thereof may only be brought exclusively in the Courts of the 20th Judicial District of the State of Colorado and the applicable Colorado Appellate Courts.
25. Breach: The failure of either Party to exercise any of its rights under this Contract will not be deemed to be a waiver of such rights or a waiver of any breach of the Contract. All remedies available to a Party in this Contract are cumulative and in addition to every other remedy provided by law.
26. Severability: If any provision of this Contract becomes inoperable for any reason but the fundamental terms and conditions continue to be legal and enforceable, then the remainder of the Contract will continue to be operative and binding on the Parties.
27. Third-Party Beneficiary: Enforcement of the terms and conditions and all rights and obligations of this Contract are reserved to the Parties. Any other person receiving services or benefits under this Contract is an incidental beneficiary only and has no rights under this Contract. Notwithstanding, where the beneficiary **Department** is led by an Elected Official, such Elected Official shall be considered a third-party beneficiary.
28. Colorado Open Records Act: County may disclose any records that are subject to public release under the Colorado Open Records Act, C.R.S. § 24-72-200.1, et seq.
29. Conflict of Provisions: If there is any conflict between the terms of the main body of this Contract and the terms of any of the **Contract Documents**, the terms of the main body of the Contract will control.
30. Governmental Immunity: Nothing in this Contract shall be construed in any way to be a waiver of the County's immunity protection under the Colorado Governmental Immunity Act, C.R.S. § 24-10-101, et seq., as amended.
31. Representations and Warranties: Contractor represents and warrants the following:

- a. Execution of this Contract and performance thereof is within Contractor's duly authorized powers;
- b. The individual executing this Contract is authorized to do so by Contractor;
- c. Contractor is authorized to do business in the State of Colorado and is properly licensed by all necessary governmental and public and quasi-public authorities having jurisdiction over the Work and the Contractor; and
- d. Contractor and its subcontractors, if any, are financially solvent, able to pay all debts as they mature, and have sufficient working capital to complete the Work and perform all obligations under the Contract.

32. Legal Compliance: Contractor assumes full responsibility for obtaining and maintaining any permits and licenses required to perform the Work. Contractor is solely responsible for ensuring that its performance under this Contract and the Work itself will comply with all Federal, State, and local laws, regulations, ordinances and codes. County approval of the Work or any aspect of Contractor's performance, such as plans, designs, or other Contractor-drafted documents, shall not be interpreted to mean that Contractor has satisfied its obligations under this Section.

33. Litigation Reporting: Contractor is not currently involved in any action before a court or other administrative decision-making body that could affect Contractor's ability to perform the Work. Contractor will promptly notify the County if Contractor is served with a pleading or other document in connection with any such action.

34. Tax Exemption: County is exempt from payment of Federal, State, and local government taxes. Contractor shall collect no tax from the County, and the County shall not be liable to pay any taxes imposed on Contractor. County shall provide its tax exemption status information to Contractor upon request.

35. Delegation of Authority: The Parties acknowledge that the Board of County Commissioners has delegated authority to the Department Head or Elected Official that leads the beneficiary **Department** and their designees to act on behalf of the County under the terms of this Contract, including but not limited to the authority to terminate this Contract.

36. Ownership of Work Product: All work product, property, data, documentation, information or materials conceived, discovered, developed or created by Contractor pursuant to this Contract ("Work Product") will be owned exclusively by the County. Contractor unconditionally and irrevocably transfers and assigns to the County all right, title and interest in and to any Work Product.

37. Publicity Releases: Contractor will not refer to this Contract or the County in commercial advertising without prior written consent of the County. This provision shall survive expiration or termination of this Contract.

38. Execution by Counterparts; Electronic Signatures: This Contract may be executed in multiple counterparts, each of which will be deemed an original, but all of which will constitute one agreement. The Parties approve the use of electronic signatures, governed by the Uniform Electronic Transactions Act, C.R.S. §§ 24 71.3 101 to 121. The Parties will not deny the legal effect or enforceability of this Contract solely because it is in electronic form or because an electronic record was used in its creation. The Parties will not object to the admissibility of this Contract in the form of electronic record, or paper copy of an electronic document, or paper copy of a document bearing an electronic signature, because it is not in its original form or is not an original.

39. Limitation on Public Statements and Lobbying Activity. During the term of this Contract, Contractor may receive from the County its confidential data, work product, or other privileged or confidential information that is protected by law. To maintain the fact and appearance of absolute objectivity, Contractor shall not, without the prior written consent of the County, which shall not be unreasonably withheld, do any of the following: (a) disclose information obtained because of this contractual relationship to any third party; (b) lobby any State or Federal agency on any pending matter while this Contract is effective; or (c) make any public statements or appear at any time to give testimony at any public meeting on the subject matters regarding which Contractor is or was retained by the County.
