# Boulder County Pathways to Housing Stability

## Year 4 SAMHSA Annual Report

The Boulder County Pathways to Housing Stability (BCPHS) initiative, funded by a 5-year SAMHSA-TIEH grant, supports adults experiencing chronic homelessness who also have behavioral health needs in finding and maintaining stable housing. Integrating behavioral health treatment and recovery support services with housing navigation, the goal is to help clients move quickly into housing with access to evidence-based programs and services. The initiative seeks to enroll 69 un-duplicated clients annually (345 over five years) and place an average of 56 clients annually (280 over five years) into housing. Demographic and outcome data are from the National Outcomes Measures System (NOMS) tool. This report presents data for 210 clients who enrolled in the BCPHS program and completed evaluation assessment(s) during the first four years of the grant between November 30, 2018 and November 29, 2022.

# BCPHS Client Demographics at Intake

Data from 210 baseline interviews were analyzed, though not all clients responded to every question. Non-responses have been omitted in order to provide valid percentages.

**Primary, Secondary, and Tertiary** Diagnoses of 210 BCPHS Clients at Intake, Ranked by Overall Highest Prevalence
