

OWTS Permit and Fee Clarification for Minor Repair & Minor Over the Counter Permits

Minor Repair – Full Price \$1003

- New tank or tank replacement
- Full replacement or reconfiguration of effluent line—any repair or replacement of the section that connects to tank, manifold, or distribution box (d-box)
- New or additional building sewer line (i.e., for accessory structure) or a sewer line reconfiguration or relocation

Minor Over the Counter \$550

- Replacing existing d-box, automatic diverter valve (ADV), or diverter valve
- Existing sewer line section that connects to tank, house, or both (in same location as existing sewer line) OR new house connect (sewer line stub that includes no more than 5' of sewer line)
- Repairing or replacing section of effluent line in same spot as original effluent line and NOT in area connected to tank, manifold, or d-box

NO OWTS PERMIT REQUIRED

- Replacing a SECTION of existing sewer line, but not part that connects to tank or house
- Risers
- Baffles
- Inlet/outlet tees
- Pump replacement
