1	15% of our staff are year round employees 45 % of our seasonal staff are full-time seasonal workers 40% of our seasonal staff are part-time seasonal workers The great majority are full-time residents of Boulder County, with a decent representation from Gilpin.	6/20/2023 10:44 AM
2	This would be an extremely helpful option to offer to employees.	6/19/2023 3:11 PM
3	It would save us money on gas and be better on our environment keeping 4 cars off the roads	6/19/2023 3:49 AM
4	Currently I have an employee having car issues. Being able to access alternative transportation would be helpful	6/15/2023 5:02 PM
5	Although my business is small, I have hired designers before who live outside of the Nederland EcoPass District (such as Boulder). I know that having access to an EcoPass incentive would help me hire qualified employees that are outside of our area.	6/7/2023 2:20 PM
6	I think this is a real asset for Nederland businesses	6/7/2023 6:53 AM
7	With the closest bank now being located in Boulder, having an employee or one of us (owners) run to the bank for change or to make a deposit is a far more challenging task than it used to be. An eco-pass could make bank runs a lot easier!	6/7/2023 6:41 AM
8	As long as Nederland residents are not negatively impacted, I am in favor.	6/6/2023 1:17 PM
9	redemption wise, we all win - it's great incentive to employ people who need this perk	6/6/2023 8:20 AM
10	Would the EcoPass program be also be used for children under 18 years of age of the business owner and/or employees?	6/5/2023 7:43 PM
11	EcoPass has made it easy for people to live here and work elsewhere, making it harder to find employees that live in the community. On top of no affordable housing, I don't think more access would help our local businesses.	6/5/2023 3:34 PM
12	We run a property management company and providing our tenants with an eco-pass is very important for those who commute, and those who are trying to reduce their carbon footprint.	6/5/2023 3:31 PM
