

Eldorado Springs LID Advisory Committee Minutes

July 20th

TEAMS Video Conference Meeting

Members Present: Janet Robinson, Janet Gray, Virginia Gurley, Alex North, Mary Smith

Guests: Stephen Sangdahl

County Staff: Taylor Ladenburg, Mike Thomas

Approval of Minutes: June minutes approved.

ORC Ops Report

- Ops Report not presented this meeting.

Invoices and Budget

- Late payments on the Xcel invoices, account was overdue. Taylor and Mike reviewing processes for invoices to address the issue.
- Budget does not currently reflect actual cost of operations. The county is reviewing the budget to better reflect the reality of cost.

New/Old Business

- Taylor to look into stickers for the grinder pump alarms that would inform people to alert homeowners directly before turning off an alarm.
- The county still looking into the feasibility of charging for excessive grinder pump damage.
- Public Access to ESLID CDPHE compliance advisories can be reached at:
<https://oitco.hylandcloud.com/CDPHERMPublicAccess/index.html>

Selecting WTR Public search address/city/county and entering our permit number CO0047651 into the field “CDPHERM Container” will populate related documents.

- Request for more information on methanol approval, compliance advisories to be a standing agenda item.
- E-Billing is online and working

Comments Open for 2025 LID Transfer

- A tentative timeline was discussed for information relating to the LID transition. Mike estimated September for discussing options with the committee for feedback. Over the next few months we plan to receive feedback from the committee and the local community. This will be presented to the BOCC and ideally be voted on in the fall.
- For transparency, the committee would like to see all options reviewed, even those that might be unfeasible or impractical.

Public Comment

Stephen raised concerns from within the town about the possibility of Boulder County selling the utility. This is currently not on the list of options that the county is discussing. Mike reaffirmed the counties commitment to working with the committee and town.

The meeting adjourned at 7:45 pm.
