History of Post-Election Audits in CO

- Before 2017, Colorado law required county clerks to conduct random post-election audits after Election Day and before certifying official results
- Starting in 2017, Colorado law required counties to conduct risk-limiting audits (RLAs)
- The Secretary of State (SOS) publishes Election Rules specifying the manner in which RLAs must be conducted
- Colorado was the first state in the nation to conduct and now require a statewide RLA

What is a Risk-Limiting Audit (RLA)

- A post-election audit that provides:
 - Strong statistical evidence that the election outcome is correct and has a high probability of identifying an incorrect outcome
 - The public with evidence that election outcomes reflect the votes cast by voters on their paper ballots
- It limits the risk that an incorrect election tabulation outcome will escape discovery
- The audit process reviews how a random sample of ballots' votes were captured at the time they were processed by comparing the recorded votes in the Cast Vote Record (CVR) (i.e., the voting system report that lists the individual votes cast for each ballot) to the actual physical paper ballots
- RLAs are conducted in 63 of 64 CO counties (San Juan is a hand-count county)

How the RLA Works

- Physically pull the random paper ballots assigned by the SOS
- Record the votes from the individual paper ballots into the RLA software
- The software compares the votes recorded to the votes captured in the Cast Vote Record (CVR)
- The software identifies any discrepancies found
- If a discrepancy is found, we address it in coordination with the State
- As it is a statewide audit, additional rounds may be required even if Boulder County has no discrepancies

Preparing for the RLA

Secretary of State

- Maintains the software used by counties to conduct the risk-limiting audit
- Establishes the random seed (public meeting w/the dice roll)
- The random seed is applied to the Cast Vote Record to determine the unique ballots for each county to pull

Boulder County

- Ballots have no unique identifying numbers on them when printed
- During the scan process, a unique identifying number is imprinted on each ballot
- This unique number is captured in the Cast Vote Record along with the individual votes from that ballot
- The Cast Vote Record file is securely submitted to the State on the 9th day following the election (after military/overseas mail and cure deadline)

Audit and Canvass Board Duties REDONE AGAIN

C.R.S. 1-7-515 and Election Rule 25

Audit Board

- Complete the election judge oath
- Verify that the seals on the appropriate storage containers are those recorded on the applicable chain-of-custody logs
- Each Bi-Partisan Audit Board will observe the location and retrieval of ballots from the appropriate storage containers.
- If applicable, interpret voter markings on ballots selected for audit in accordance with the SOS Voter Intent Guide
- If a duplicated ballot is audited the original will be referenced by the board
- Sign and date a report of the results of the RLA

Canvass Board

- Observe at least the first round of audit

Conducting the Audit - Overview

- Ballot Box Seal Verification. Ballot Box seals for the boxes opened today will be verified against the seal log.

 - Audit boards will observe the initial ballots pull. An Audit board will observe the remaining pulls on a rotating basis.
- Staff will review the correct ballots have been pulled.
 - Audit board will confirm at the start of the audit and as they enter contest information.
- Approximately 10 ballots per “tray”. Approximately 69 trays
- Reference information: Voter Intent Guide and Duplication information.
- Tips - accuracy, verify information, focus, noise.
- Operators will have copies with more detailed instruction.

Voter Intent Clarification

- There are contests on this ballot marked as per the example below. The Secretary of States Voter Intent Guide does not contain an example of how this marking should be treated for a single choice contest. As it is a single choice contest and will not impact the outcome of the contest, this mark is to be treated as a mark in the target area as we do not have clear indication of a corrected vote.
- This guidance applies to contests with ONLY one choice.

Questions?

- To facilitate the timely completion of the RLA process questions should be directed as follows:
 - Questions about the RLA process from audit or canvass board members can be directed to Josh Hansen
 - Watchers may direct their questions to our Watcher Host
 - Observers may direct their questions to our Elections Director, Stephanie Gnoza
 - For general questions about the election process please email vote@bouldercounty.gov

 - (b) Reconcile the ballots cast in each precinct in the county to confirm that the number of ballots cast does not exceed the number of registered electors in the precinct; and

Boulder County 2024 Statewide Primary Election Reconciliation Report - June 25, 2024

Overview

The purpose of the canvass is to account for every ballot cast and ensure that every valid vote cast is included in the election totals. This involves accounting for every mail ballot, in-person ballot, provisional ballot, rejected ballot, and military and overseas ballot (UOCAVA).

Colorado Revised Statutes, Title 1, 1-10-101.5 Duties of the Canvass Board:

- 1) The Canvass Board shall:
 - (a) Reconcile the ballots cast in an election to confirm that the number of ballots counted in that election does not exceed the number of ballots cast in that election;
 - (b) Reconcile the ballots cast in each precinct in the county to confirm that the number of ballots cast does not exceed the number of registered electors in the precinct; and
 - (c) Certify the abstract of votes cast in any election and transmit the certification to the Secretary of State. A majority of Canvass Board members' signatures shall be sufficient to certify the abstract of votes cast in any election. When unable to certify the abstract of votes by the majority of the board for any reason, the Canvass Board shall transmit the noncertified abstract of votes to the Secretary of State along with a written report detailing the reason for noncertification.

The Canvass Board's duties regarding reconciliation are included in Election Rule 10.3.2(a):

- (a) Conduct the canvass and certify the official abstract of votes in accordance with section 1-10-101.5, C.R.S., by:
 - (1) Reconciling the number of ballots counted to the number of ballots cast; and
 - (2) Reconciling the number of ballots cast to the number of voters who voted.

To reconcile the election, we track voted ballots as they pass through the election process. This report follows Election Rule 10.5 Procedures for Canvass and presents summary data for the overall election, as required by Election Rule 10.5.1, as well as a detailed accounting of ballots on a precinct-by-precinct basis. In addition, references to the data, reports, or documentation listed in the Canvass Board Checklist are available to allow the Canvass Board to fulfill its statutory duty. The reconciliation process focuses on the reception of ballots through the assignment of voter credit.

Ballots Received

Mail ballots are received in several ways:

- Post Office
- Secure 24-hour drop boxes
- Drop-off ballot boxes located at Voter Service and Polling Centers
- Secure drive by drop-off boxes on Election Day

The mail ballot envelopes are signature verified by election judges, accepted or rejected, and recorded accordingly in SCORE. Voted paper ballots from Voter Service and Polling Center (VSPC) locations arrive in separate ballot boxes from mail ballots. Because vote credit was already recorded in SCORE when the voter's ID was verified at the VSPC, these ballots go directly to scanning, adjudication, and tallying after being batched.

Figure 1 illustrates the process by which mail ballots are received, prepared, scanned, tallied, and recorded in the Cast Vote Record (CVR).

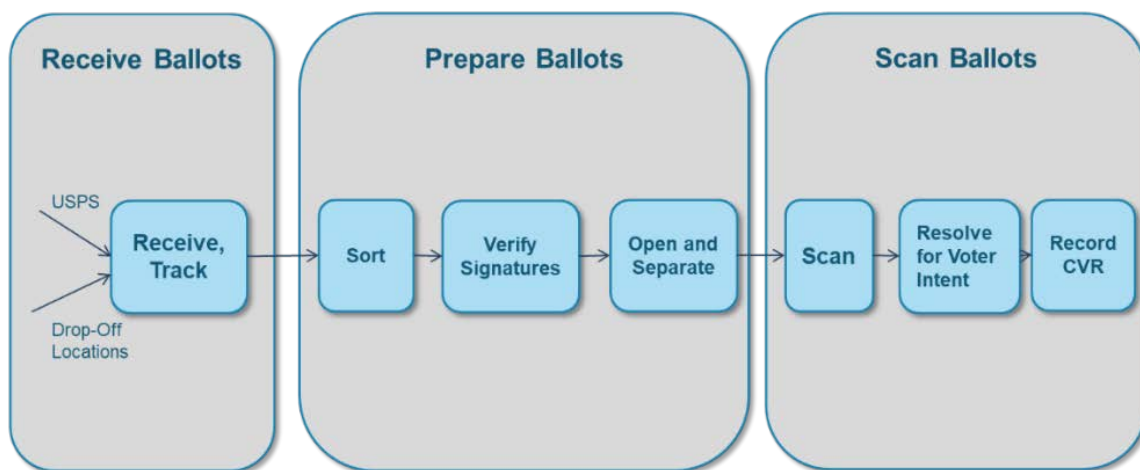

Figure 1

Determining whether a ballot envelope is accepted or rejected is based on several factors. For example, it may be rejected because the signature on the ballot envelope does not match the voters reference signature(s) in their registration record, the ballot envelope may be missing a signature, or the voter was required to return ID with their ballot envelope and failed to do so.

Letters are sent to these voters allowing them to “cure” their ballot envelope by returning a signed affidavit with a copy of their ID (due by the 8th day after the election). Only the ballots contained in accepted envelopes are eligible to proceed through the process to scanning, adjudication, and tallying.

Appendix 1 provides a precinct-by-precinct accounting of eligible voters, ballots cast, and ballots counted. This report fulfills Election Statute 1-10-101.5, and Rule 10.3.2(a). Appendix 1 includes the following sections:

1. Eligible Voters
2. SCORE Voter Credit and Ballots Cast
3. Dominion Ballots (i.e., Ballots Counted)
4. Reconciliation

The Eligible Voters section includes both active and inactive voters, providing the total number of registered electors. The SCORE Voter Credit and Ballots Cast section includes the number of mail and in-person ballots accepted in SCORE, as well as the number of rejected mail ballots. The sum of these three categories provides the total number of ballots cast. The Dominion Ballots section reflects the number of ballots counted by the tabulation system. The Reconciliation section compares eligible voters, vote credit, ballots cast, and ballots counted to verify that statutory requirements have been met.

Procedures For Canvass (Election Rule 10.5.1)

Statutory Requirement Fulfilled

Based on the reconciliation activities performed for this canvass and reported herein, it is determined that the requirements of Colorado Revised Statute 1-10-101.5 have been met. As Figure 8 demonstrates, **the number of ballots counted is equal to or less than the number of ballots cast (accepted plus rejected ballots) and the number of ballots cast is equal to or less than the number of registered voters.**

Notes:

- Ballots Cast includes ballots that are ultimately not counted for various reasons. Voters have until 11:59 p.m. on the 8th day following Election Day to “cure” these issues. Not every voter does so in this timeframe. If they do not, their cast ballot is not counted.
- Active Voters in Figure 8 includes 742 confidential voters. Confidential voters are not included in publicly available reports.
- All voter registration numbers reported herein are as of Election Day and include active voters who were 18 by June 25, 2024.

Note: Precinct-to-Precinct differences in the "Difference" column above can be explained as follows:

By Colorado law, the first ballot back from a voter is the ballot that must be counted. If the voter has changed their registration to a county or district different from the ballot that they returned, their returned ballot is duplicated onto a ballot reflecting their new residence, and only the common contests voted are counted (when eligible contests, i.e., ballot styles are different).

An example of this can be seen in precincts 700 and 913. Two voters moved to precinct 700 but returned their 913 ballots. The 913 ballots were duplicated onto a 700 ballot style before being scanned. However, the accepted ballot in SCORE is reflected as the 913 ballot, which would then be included in the aggregate total for precinct 913. Therefore, SCORE voter credit is showing 2 higher for 913 than Dominion, and Dominion is showing 2 higher for 700 than SCORE.
