Project Team Introductions

Goals of Meeting

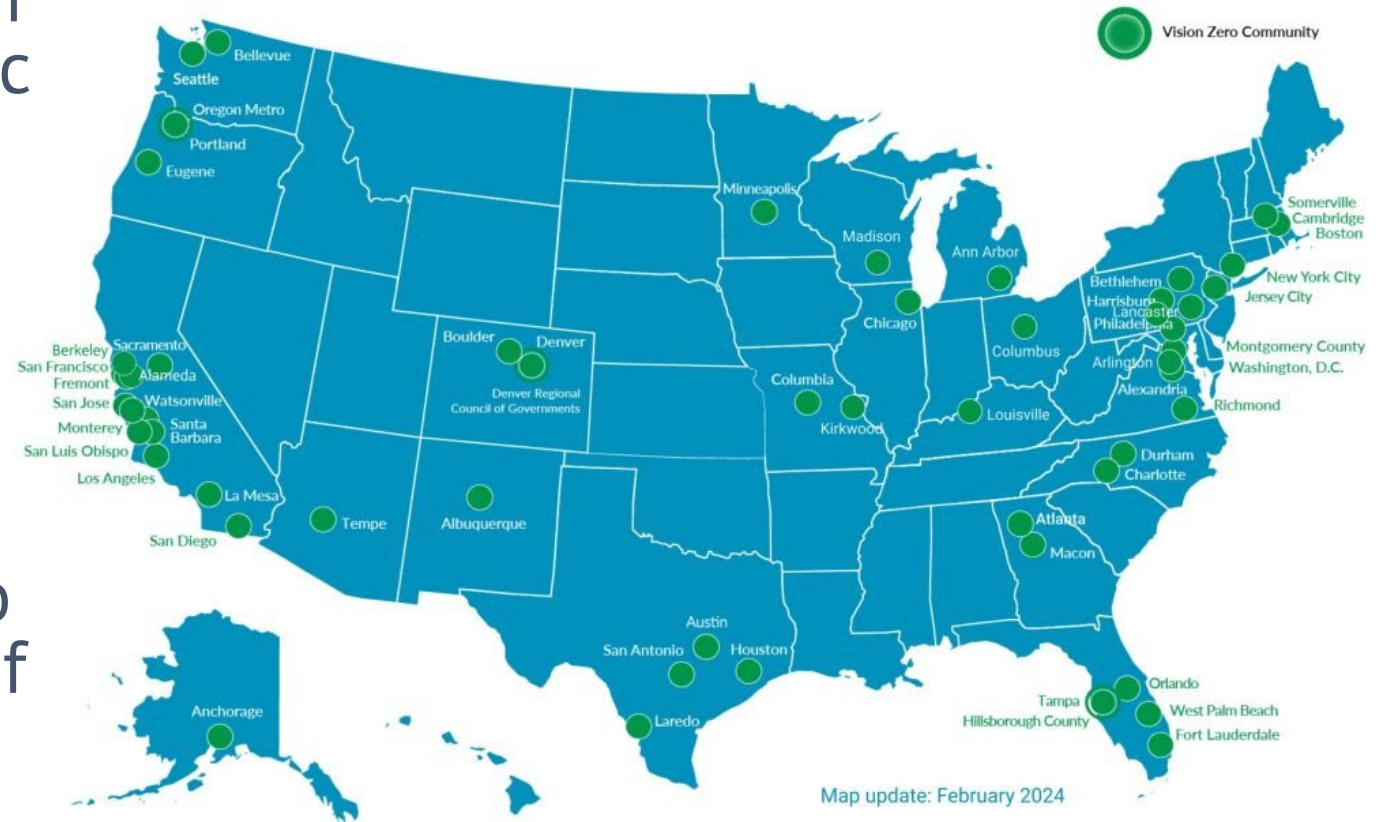

1. Define “What is Vision Zero?”
2. Provide information about the project background and schedule
3. Present initial crash data and what we’ve heard so far from the community
4. Collect input from the community
5. Encourage online survey/map participation

What is Vision Zero?

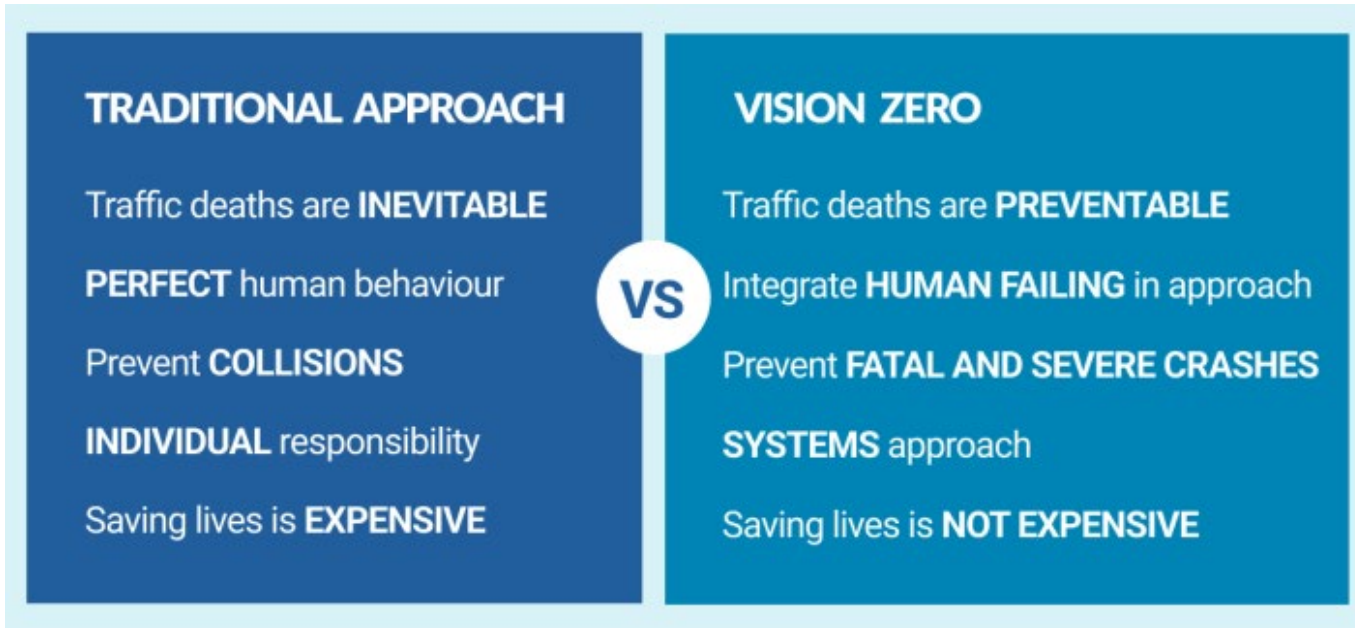

Vision Zero is a transportation strategy to eliminate all traffic fatalities and serious injuries for people using all modes of transportation.

Vision Zero recognizes that humans make mistakes and therefore the transportation system should be designed to minimize the consequences of human error.
