

“WE SAVED ON PRESCRIPTION COSTS. COMPARING PLANS PAYS.”

**The Medicare Open Enrollment Period runs from
Tuesday, Oct. 15 through Saturday, Dec. 7.**

Schedule a time with Boulder County’s State Health Insurance Program (SHIP) Medicare Counseling Team to see if you can find lower premiums, extra benefits, or a plan that better fits your health needs.

Medicare plans change every year. So can your health needs.

- Check to see if your current plan still covers your drugs and if the costs are changing.
- Every year, people find they can save money with a different plan.
- If you are happy with your current plan, no need to change it!

The Medicare Open Enrollment Period is the only time of the year you can change your Prescription Part D and Medicare Advantage Plans!

Get information from the trusted and experienced SHIP Medicare Counselors. Our team is certified and trained by the Centers of Medicare and Medicaid Services. Our team offers experience and objectivity.

You can start scheduling an appointment with our team to discuss your Medicare options beginning on Sunday, Sept. 15.

Schedule an appointment by calling Boulder County’s SHIP Medicare Counseling Team at 303-441-1546. Appointments are available in person, on Zoom, or over the phone.
