About the CO Risk-Limiting Audit (RLA)

The Colorado Secretary of State (SOS) publishes Election Rules for how CO RLAs are conducted.

- RLAs are conducted in 63 of 64 CO counties (San Juan hand counts)
- The audit:
 - Confirms correct outcomes with strong statistical evidence.
 - Limits the risk that an incorrect election tabulation outcome will escape discovery.
 - Provides the public with evidence that election results reflect the votes cast.

Responsibilities for Colorado's RLA

The Secretary of State

- Maintains the software used by counties to conduct the risk-limiting audit.
- Applies a random seed number to the Cast Vote Record to determine the unique ballots for each county to pull.
 - The 20-digit random seed is established in a public meeting by rolling 20 individual 10-sided dice.

Boulder County

- Ballots have no unique identifying numbers on them when printed.
- During the scan process, a unique identifying number is imprinted on each ballot (called “the imprint number”).
- This unique number is captured in the Cast Vote Record along with the individual votes from that ballot.

How the RLA Works

- The Cast Vote Record (CVR) is exported from the county voting system, then uploaded to the RLA software once all ballots have been tabulated.
 - The CVR contains all tabulation data for each individual ballot.
- The ballots the counties will pull for auditing is randomly selected using a random seed number.
- The county physically pulls the random paper ballots assigned by the SOS.
- Judges record each vote from the individual paper ballots into the RLA software with the assistance of a neutral operator.
- The RLA software compares the votes recorded to the votes captured in the CVR.
 - The software identifies any discrepancies found.
 - If a discrepancy is found, we address it in coordination with the State.
 - Discrepancies may trigger a second round of auditing at the county or state level.

Conducting the Audit - Audit and Canvass Board Duties

C.R.S. 1-7-515 and Election Rule 25

Audit Board

- Complete the election judge oath.
- Verify that the seals on the appropriate storage containers are those recorded on the applicable chain-of-custody logs.
- Each Bi-Partisan Audit Board will observe the location and retrieval of ballots from the appropriate storage containers.
 - Staff will review the correct ballots have been pulled.
- Audit Boards will review each ballot imprint to ensure correct ballots were pulled, then work as teams to enter ballot marking information into the RLA software.
 - If applicable, interpret voter markings on ballots selected for audit in accordance with the SOS Voter Intent Guide.
 - If a duplicated ballot is audited, the original will be referenced by the board.
- Sign and date a report of the results of the RLA.

Canvass Board

- Observe at least the first round of the RLA.

Boulder County 2025 Coordinated Election Reconciliation Report – November 4, 2025

Overview

The purpose of the canvass is to account for every ballot cast and ensure that every valid vote cast is included in the election totals. This involves accounting for every mail ballot, in-person ballot, provisional ballot, rejected ballot, and military and overseas ballot (UOCAVA).

Colorado Revised Statutes, Title 1, 1-10-101.5 Duties of the Canvass Board:

- 1) The Canvass Board shall:
 - (a) Reconcile the ballots cast in an election to confirm that the number of ballots counted in that election does not exceed the number of ballots cast in that election;
 - (b) Reconcile the ballots cast in each precinct in the county to confirm that the number of ballots cast does not exceed the number of registered electors in the precinct; and
 - (c) Certify the abstract of votes cast in any election and transmit the certification to the Secretary of State. A majority of Canvass Board members' signatures shall be sufficient to certify the abstract of votes cast in any election. When unable to certify the abstract of votes by the majority of the board for any reason, the Canvass Board shall transmit the noncertified abstract of votes to the Secretary of State along with a written report detailing the reason for noncertification.

The Canvass Board's duties regarding reconciliation are included in Election Rule 10.3.2(a):

- (a) Conduct the canvass and certify the official abstract of votes in accordance with section 1-10-101.5, C.R.S., by:
 - (1) Reconciling the number of ballots counted to the number of ballots cast; and
 - (2) Reconciling the number of ballots cast to the number of voters who voted.

To reconcile the election, we track voted ballots as they pass through the election process. This report follows Election Rule 10.5 Procedures for Canvass and presents summary data for the overall election, as required by Election Rule 10.5.1, as well as a detailed accounting of ballots on a precinct-by-precinct basis. In addition, references to the data, reports, or documentation listed in the Canvass Board Checklist are available to allow the Canvass Board to fulfill its statutory duty. The reconciliation process focuses on the reception of ballots through the assignment of voter credit.

Ballots Received

Mail ballots are received in several ways:

- Post Office
- Secure 24-hour drop boxes
- Drop-off ballot boxes located at Voter Service and Polling Centers
- Secure drive by drop-off boxes on Election Day

The mail ballot envelopes are signature verified by election judges, accepted or rejected, and recorded accordingly in SCORE. Voted paper ballots from Voter Service and Polling Center (VSPC) locations arrive in separate ballot boxes from mail ballots. Because vote credit was already recorded in SCORE when the voter's ID was verified at the VSPC, these ballots go directly to scanning, adjudication, and tallying after being batched.

Figure 1 illustrates the process by which mail ballots are received, prepared, scanned, tallied, and recorded in the Cast Vote Record (CVR).

Figure 1

Determining whether a ballot envelope is accepted or rejected is based on several factors. For example, it may be rejected because the signature on the ballot envelope does not match the voters reference signature(s) in their registration record, the ballot envelope may be missing a signature, or the voter was required to return ID with their ballot envelope and failed to do so.

Letters are sent to these voters allowing them to “cure” their ballot envelope by returning a signed affidavit with a copy of their ID (due by the 8th day after the election). Only the ballots contained in accepted envelopes are eligible to proceed through the process to scanning, adjudication, and tallying.

Appendix 1 provides a precinct-by-precinct accounting of eligible voters, ballots cast, and ballots counted. This report fulfills Election Statute 1-10-101.5, and Rule 10.3.2(a). Appendix 1 includes the following sections:

1. Eligible Voters
2. SCORE Voter Credit and Ballots Cast
3. Liberty Ballots (i.e., Ballots Counted)
4. Reconciliation

The Eligible Voters section includes both active and inactive voters, providing the total number of registered electors. The SCORE Voter Credit and Ballots Cast section includes the number of mail and in-person ballots accepted in SCORE, as well as the number of rejected mail ballots. The sum of these three categories provides the total number of ballots cast. The Liberty Ballots section reflects the number of ballots counted by the tabulation system. The Reconciliation section compares eligible voters, vote credit, ballots cast, and ballots counted to verify that statutory requirements have been met.

Procedures For Canvass (Election Rule 10.5.1)

- (b) The number or letter of each ballot issue or question and votes received; **(Summary of Votes)**

Statutory Requirement Fulfilled

Based on the reconciliation activities performed for this canvass and reported herein, it is determined that the requirements of Colorado Revised Statute 1-10-101.5 have been met. As Figure 7 demonstrates, **the number of ballots counted is equal to or less than the number of ballots cast (accepted plus rejected ballots) and the number of ballots cast is equal to or less than the number of registered voters.**

Notes:

1. Ballots Cast includes ballots that are ultimately not counted for various reasons. Voters have until 11:59 p.m. on the 8th day following Election Day to “cure” these issues. Not every voter does so in this timeframe. If they do not, their cast ballot is not counted.
2. Active Voters in Figure 7 includes 837 confidential voters. Confidential voters are not included in publicly available reports.
3. All voter registration numbers reported herein are as of Election Day and include active voters who were 18 by November 4, 2025.

Note: Precinct-to-Precinct differences in the "Difference" column above can be explained as follows:

By Colorado law, the first ballot back from a voter is the ballot that must be counted. If the voter has changed their registration to a county or district different from the ballot that they returned, their returned ballot is duplicated onto a ballot reflecting their new residence, and only the common contests voted are counted (when eligible contests, i.e., ballot styles are different).

Additionally, there will be a difference related to the provisional ballots counted because no SCORE vote credit is given for them until the election is closed.
