Eldorado Springs LID Advisory Committee

August 21, 2025, 6:30 p.m.
TEAMS Video Conference Meeting

Meeting Minutes

Members Present: Alex North, Tod Smith

Guests: Gabby Begeman (ORC)

County Staff: Taylor Ladenburg (PW), Robin Higham (PW)

Minutes: July had a memo in place of a meeting.

Past Action Items:

Compliance reports: The facility did not meet the E Coli 2 year rolling average.

ORC Ops Report:

- Power was lost to the facility on 4 occasions during July. July 10,11,12 and 18th all had small power outages resulting in loss of control panel power.

Invoices and Budget

- Invoices were as expected.

New/Old Business:

- There was an increase in testing from monthly to twice a month. This will give the engineers (JVA) more data to work with on their facility optimization report. This also should give plant operators more time to react to changes with the plant.
- Draft facility optimization report expected from JVA on October 14th.
- CDPHE is considering allowing chemical additions to administratively extended wastewater permits. Currently, additions such as carbon are not allowed. These additions would help with TIN compliance.
- The contract for the facility operator will be going out to bid this year.

New Action/Agenda Items:

Adjourn: The meeting adjourned at 6:51 p.m.
