Eldorado Springs LID Advisory Committee

July Meeting Canceled

Meeting Memo

Minutes: June meeting did not have a quorum and doesn't require minutes approval. Minutes from the June meeting were prepared and reviewed. There were no objections to the June minutes.

Past Action Items: None.

Compliance reports: The effluent results are a quarterly report for BOD (Biological Oxygen Demand) and TSS (Total Suspended Solids). The results that will be reported to CDPHE on the DMR for Q2 must be the maximum value from any month in the quarter. In this case, that will be the values from May, which were in violation.

ORC Ops Report:

- The UV unit is fully operational and the *E.coli* is within the limits for the month of June. The 2-year rolling average will continue to be in violation until the higher samples drop out of that calculation.
- Sludge haul scheduled for July 24th.

Invoices and Budget

- Xcel energy was slightly higher than average.

New/Old Business:

- JVA Consulting Engineers were selected for the engineering RFP and were issued a Notice to Proceed on July 17, 2025 at a cost not to exceed \$43,000. An initial scoping meeting took place July 9th. The first draft report is expected in October and final reports are expected by December.

Public Comment: N/A.

New Action/Agenda Items: None.
