

Gunbarrel Public Improvement District

October 1, 2026

Armando Guardiola | Chief Financial Officer

Jillian Dieterich | Interim Budget Officer

2027 Recommended Budget – Gunbarrel PID

Boulder County is not planning a budget for the Gunbarrel Public Improvement District in 2027. Because no ballot measures were approved for the 2026 election, the County will not adopt a budget, set aside funds, or establish a mill levy for the District.

The District originally used voter-approved taxes for road projects and open space property acquisition, and those taxes ended in 2007 after these purposes were completed.

Even though no spending is planned, the District remains active. In 2026, the Board of County Commissioners restated the District's original purpose and brought back its Advisory Committee to look at possible projects related to open space, parks, and future road improvements.

Any pursuit of new work or projects is contingent on passing ballot measures for new taxing authority in a future election.

Thank you!

If you have any questions regarding the 2027 Recommended Budget, please feel free to email the Office of Financial Management.
