Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Kestrel I, LLC, which comprise the balance sheets as of December 31, 2025 and 2024, and the related statements of operations and members' equity and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Kestrel I, LLC as of December 31, 2025 and 2024, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kestrel I, LLC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kestrel I, LLC's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kestrel I, LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kestrel I, LLC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedules of Maintenance and Operating, Utilities, Administrative, Insurance, and Interest Expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Principal Business Activity and Significant Accounting Policies

Principal Business Activity, Risks, and Uncertainty

Kestrel I, LLC (Company) was formed March 5, 2014, as a limited liability company under the laws of the State of Colorado and shall continue in perpetual existence, unless dissolved or terminated at an earlier date. The Company was formed for the purpose to develop, construct, rehabilitate, own, maintain, and operate a 200-unit multi-family and senior housing complex in Louisville, Colorado. Substantially all of the Company's income is derived from the rental of its apartment units. Units were placed in service throughout 2017 as construction was completed in various phases.

The Company has qualified and been allocated low-income housing tax credits pursuant to the Internal Revenue Code Section 42, which regulates the use of the complex as to occupant eligibility and unit gross rent, among other requirements. The Company must meet the provisions of these regulations during each of 15 consecutive years in order to continue to qualify to receive the tax credits. Failure to comply with occupant eligibility and unit gross rent or to correct noncompliance within a specified time period could result in recapture of the previously taken low-income housing tax credits plus interest. Such potential noncompliance may require an adjustment to the contributed capital by the members. All units within this project are subject to rent restrictions and qualified tenant restrictions as required by the Low-Income Housing Tax Credit Program.

Concentrations of Credit Risk

The Company maintains its cash in bank deposit accounts which may periodically exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2025 and 2024, the Company had approximately \$1,893,800 and \$1,843,100, respectively, in excess of FDIC-insured limits.

Receivables and Credit Policy

Accounts receivable are rents and charges currently due from residential tenants. Payments on accounts receivable are applied to specific months. Management reviews accounts receivable monthly and charges operations with those considered uncollectible. All remaining accounts receivable are considered collectible.

Property and Equipment

Property and equipment is recorded at cost. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are charged to expense. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in income.

Depreciation is computed principally by the straight-line method over the following estimated useful lives:

Land improvements	20 years
Buildings and improvements	5 - 40 years
Equipment and furnishings	10 years
Geothermal equipment	5 years

The Company reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used, and the effects of obsolescence, demand, competition, and other economic factors. Based on this assessment there was no impairment at December 31, 2025 and 2024.

Tax Credit Fees

Tax credit fees are being amortized over a 15-year life using the straight-line method of amortization. Amortization is expected to be approximately \$17,120 for each of the next five years.

Debt Issuance Costs

Debt issuance costs are amortized over the period the related obligation is outstanding using the straight-line method, which is a reasonable estimate of the effective interest method. Debt issuance costs are included within long-term debt on the balance sheets. Amortization of debt issuance costs is included in interest expense in the accompanying financial statements.

Income Taxes

As a limited liability company, the Company's taxable income or loss is allocated to members in accordance with the operating agreement. Therefore, no provision for income taxes has been included in the financial statements.

The Company evaluates its tax positions that have been taken or are expected to be taken on income tax returns to determine if an accrual is necessary for uncertain tax positions. As of December 31, 2025 and 2024, the unrecognized tax benefit accrual was zero. The Company will recognize future accrued interest and penalties related to unrecognized tax benefits in income tax expense if incurred.

Rental Income

Housing units are rented under operating lease agreements with terms of one year or less. Rent income from tenants and rental assistance payments are recognized in the month in which they are earned rather than received. Any rent received prior to the month of occupancy is reported as prepaid rent. Tenant rent plus rental assistance represents gross rent for all units in the project. Vacancy loss is recorded for any unrented units to arrive at net rental income.

The future cash flows from operating lease payments to be received as of December 31, 2025 in 2026 are approximately \$406,900.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Advertising and Marketing

Advertising and marketing costs are expensed as incurred.

Subsequent Events

The Company has evaluated subsequent events through March 23, 2026, the date which the financial statements were available to be issued.

Note 2 - Restricted Cash

Restricted cash at December 31, 2025 and 2024 consists of the following:

	2025	2024

Operating Reserve

Pursuant to the operating agreement, the Company is to establish and maintain an operating reserve to meet operating expenses and debt service of the Company which exceed operating revenues. The reserve is to be funded in the amount of \$783,304 from capital contributions and proceeds of project loans, no later than the special investor member's third capital contribution. The managing member may make withdrawals subject to the special investor member's approval. If the balance falls below the required amount, the reserve is to be replenished from net cash flow of the project.

Insurance Escrow

Pursuant to the terms of the operating agreement, the Company is to maintain an insurance escrow to pay insurance premiums. This account is used to receive monthly deposits to pay the annual insurance premiums.

Note 3 - Tenant Security Deposits

Pursuant to management policy, the Partnership has set aside funds as of December 31, 2025 and 2024, to repay tenant security deposits after lease termination.

Note 4 - Property and Equipment
